What's Going on in the Great Awakening

So what's really going on out there in the Kingdom, outside of the church system?

"The greatest awakening is the waking up within to who we really are in God and who He is in us.

We are awakening to the light of heaven, the creative fire of God in our hearts, lifting us into new realms of inner joy and washing away the darkness.

The ache of desire within is fulfilled in the river of the liquid fire of the love of God filling our hearts. The joy of His presence lifts us into unbridled expressions of worship.

Abandoned of natural awareness we are transported into the heavenly holy realm of the Spirit to sup with Him in us in the bliss of His heavenly life.

In worship we are poured out into the atmosphere of this world dispelling and replacing the darkness with the glory of the light of the river of the joy of love. The world begins to be transformed into "as it is in heaven."

No darkness can prevail in the substance of His presence in the heavenly atmosphere of true unrestrained worship.

Cleansed hearts and lives are immersed and saturated in the pure holy love of God to flow out to cleanse the world around us and drive the darkness into the sea of forgetfulness.

In His presence worldly troubles and all strife are no longer a factor in our hearts and lives.

Abiding in Christ in heavenly realms is peace and joy beyond description. Christ abiding in us protects and keeps us in the heavenly realm on earth as we return to our place of service on earth.

The presence of God is then between us and the tragedies of life on earth. Though we walk through the valley of the shadow of death, we do not fear or strive.

Our worship is within continuously as God's presence abides within us. Freely we can move back and forth between being with God in worship in heavenly places and God being with us in our life of service on earth bringing the things of heaven to earth.

Our life with God is His life in us on earth and at the same time our life with Him in heavenly places.

The first and predominant life is our life with Him in Spirit-to-Spirit commune of fellowship and sharing of attributes through perfect love. We receive the strength, wisdom, and mind of Christ. He receives a living human corporate body and soul on earth as the place to "rest His head" or His "headship" on earth…

As the ruling evil darkness on earth is dissolved, the kingdom of God / kingdom of heaven can and will come forth on earth by the love, power, and wisdom of King Jesus ruling and reigning on earth in His corporate Body and Bride.

Again, the children of God will be fruitful and multiply to fill the earth with the beauties of holiness of the kingdom of God on earth as it is in heaven.

Beyond the decade of exposure and dissolution of the reigning darkness is the work of Christ Jesus in us by the Holy Spirit establishing the love rule of God on earth. The glory of God will cover the earth as the people of God fill the earth with His presence. Heaven will respond with mighty works in the heavens and peace on earth in the everlasting presence of God with us." [1]
