

Effective Spiritual Warfare Requires an Understanding of Iniquity Force

Standard pentecostal and charismatic spiritual warfare is dangerously naive and ineffective long term. One has only to read “The Needless Casualties of War”¹ to get this realisation.

We need to receive the knowledge and wisdom of the Kingdom before we re-enter the martial art of genuine spiritual warfare – it is too dangerous otherwise. That is, except for the use of our authority as sons in the areas where we have genuine spiritual authority – e.g. a husband/father in the home.

I suggest that you read more widely and wait for the cumulative revelation of others before restarting any advanced spiritual warfare. And, by the way, note that it will take some time for the full revelation to be released, so quietly bide your time.

Only at that stage should you start, and then only with the Spirit's directive to do so.

A place to start your learning would be to read Dr Michael Lake's 2 books which cover the background to the spiritual war that we are in and the army we belong to. They are:

- “The Shinar Directive: Preparing the Way for the Son of Perdition”
- “The Sheeriyth Imperative: Empowering the Remnant to Overcome the Gates of Hell”

An easy place to begin this process would be to listen to the episode of “The Sheila Zilinsky Show” where she interviews Michael Lake about his book “The Sheeriyth Imperative”.²

In this audio interview with Zilinsky, Lake refers to the Iniquity Force and quotes 2 masonic texts which show that their initiates use this force.

*“When the Mason learns that the key to the warrior on the block is the proper application of the dynamo of living power, he has learned the mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply energy.”*³

*“There is in nature one most potent force, by means whereof single man, who could possess himself of it, and should know how to direct it, could revolutionize and change the face of the world. This force was known to the ancients. It is a universal age whose supreme law is equilibrium; and whereby, if science can but learn how to control it, it will be possible to change the order of the Seasons, to produce in night the phenomena of day, to send a thought in an instant around the world, to heal or slay at a distance, to give our words universal success, and make them reverberate everywhere.”*⁴

Our King has told us as a Community not to do anything unless he shows us. This may be part of our education into proper spiritual warfare. It adds to our current knowledge of 'personal kingdom' warfare based on our spiritual authority within it.

Have a read of Lake's books and realise how much you don't know – and how much you need to learn.

Laurence
