EUROPE TO SEND CONSPIRACY THEORISTS TO 'REEDUCATION CAMPS'

By **admin** - June 3, 2016

A EUROPEAN FRAMEWORK NATIONAL STATUTE
FOR THE PROMOTION OF TOLERANCE

SUBMITTED WITH A VIEW TO BEING
ENACTED BY THE LEGISLATURES
OF EUROPEAN STATES

Whereas respect for human dignity is based on recognition of human diversity and the inherent right of every person to be different,

Whereas tolerance postulates an open mind to unfamiliar ideas and ways of life,

Whereas the concept of tolerance is the opposite of any form of unlawful discrimination,

Whereas tolerance has a vital role in enabling successful coexistence of diverse groups within a single national society,

Whereas such coexistence enriches and strengthens the fabric of the national society, it should not affect the basic identity of that society or its shared values, history, aspirations and goals.
