“The end is the beginning and the beginning is the end. This is a conundrum.”

This was the beginning of a prophetic message I gave to a person a few years ago. It was a riddle for them to unravel. This is one of his many mysteries/secrets (i.e. mystical knowledge) Father's wanting to share with his 'true' sons in these Last days. That was the rest of the prophetic message.

Did you get that?

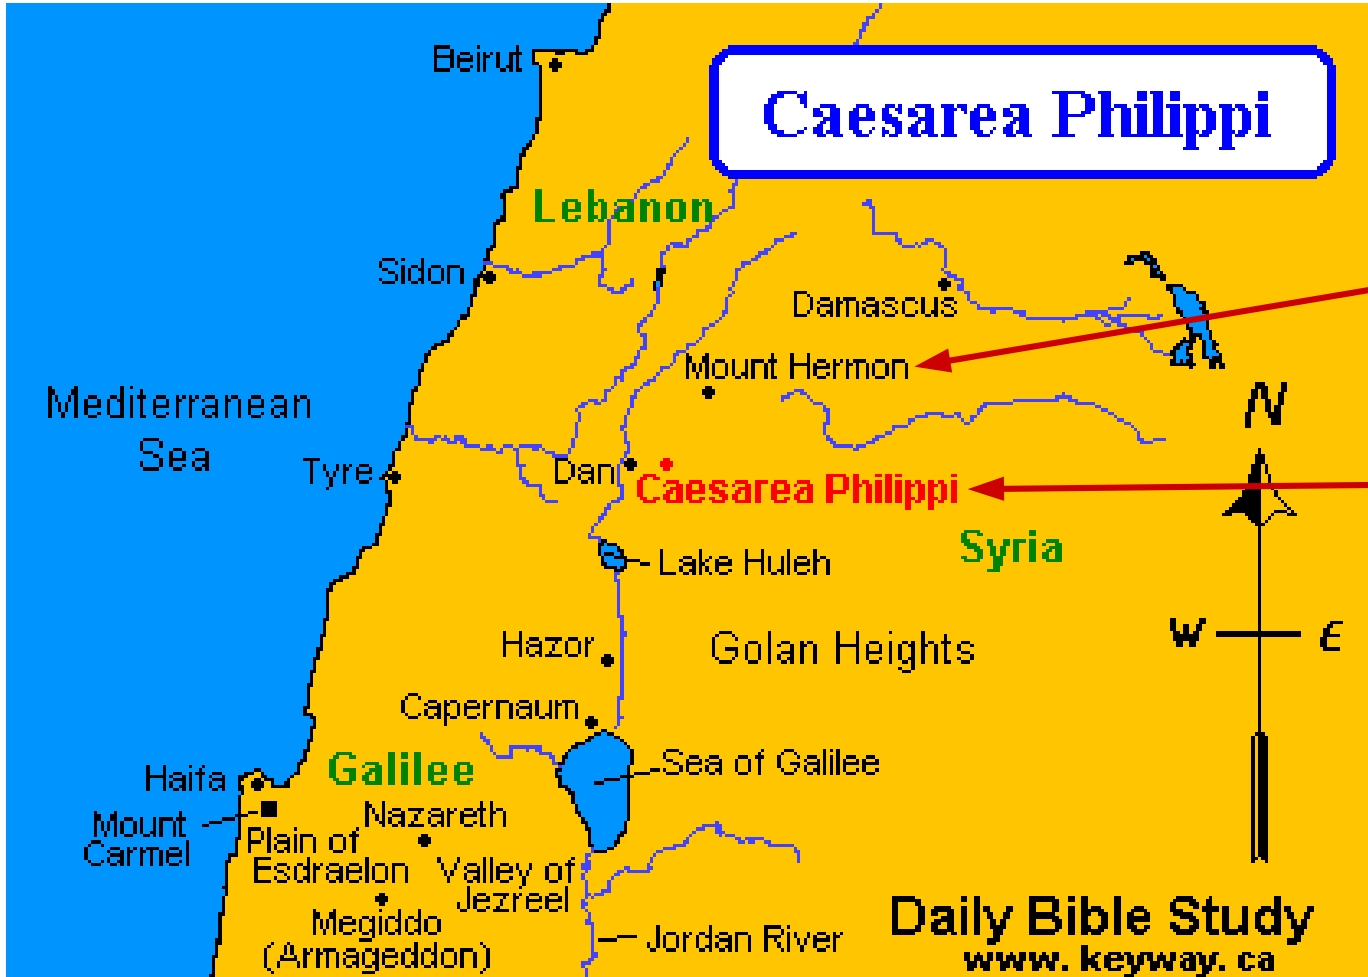

Father is wanting to teach his genuine sons about the mysteries that he's kept locked up for millennia. These are received by revelation, not theology.

Does that mean we'll see some new doctrines?

Well, yes.

'Doctrine' translated from the Greek *didaskalia* means 'teaching'. So, yes, there will be new things we'll need to teach each other – like “Father's Heart”.

Can you see why Jesus displayed his glory on Mt Hermon (?) the place where the 'watchers' descended to earth?

Michael S. Heiser

Following are 3 videos of interviews with Michael Heiser. They give you an understanding that the NT Jews better understood the Bible than we do with all our theological investigation and prowess.

Michael received an MA in Ancient History from the University of Pennsylvania, and an MA and PhD in the Hebrew Bible and Semitic Languages from the University of Wisconsin–Madison (with a minor in Classical studies). He received his undergraduate degree from Bob Jones University and also attended Bible college for three years. He has taught college since 1992 and is the Academic Editor for Logos Bible Software.
