Your Stairway Monthly News & Updates

Dear Stairway Family,

We've just returned from ministering in Israel to the Chinese and to Northern Ireland to the Irish and what we're consistently seeing are congregations of Christians who are having more & more of a holy dissatisfaction with status quo Christianity. People are truly hungry and long for a deeper intimacy with the Father, Son & Holy Spirit. And lately I've been having multiple dreams of whole congregations that are burning with the glory of God!

*June is a pivotal month *

We are in a pivotal season right now and the Lord has been saying to me that this is a very pivotal time in history. We are right in the middle of a major shakeup in the world and in the church.

*Graduation and Commencement *

And the Lord said to me that as this is graduation time in the natural, (we have three grandchildren that have just graduated), so it is in the spiritual. You will see people and churches graduate. The church is graduating from the mundane to a deeper spiritual reality of life in Christ and intimacy with Him. And as a result the things that once divided people and seemed so important before are going to fall by the wayside. For the Lord is about to ignite congregations with Holy Spirit visitations for His people are genuinely seeking Him!

Jeremiah 29:12/*"You will seek me and find me when you seek me with all your heart." */

*Life altering decisions *

And this is the hour of a great commencement in the Spirit as well. For the Lord is placing a new direction and a new strategy in His people. And many, especially the young, will feel the call of God tugging them on to do something different and unique with their lives. And many will hear a call from heaven to serve Him in a greater way and they will lay down their nets and follow after Christ. And they will decide that it's time to prepare for full time service. And we will begin to see more young men and women arising out of their place of Laodicea for God is setting them on fire.

And I saw torches in the hands of the elder generation being passed to the younger much the same as a diploma is given at graduation. And as the torch was passed the two of them, elder and younger, became a living fire together. And what was once a small torch became a bonfire. And the younger and elder began working together and this then caught the whole place on fire until the walls began to burn down and the fire rushed into the streets catching everything on fire that was before them!

Daniel 12:3 /"Those who are wise will shine like the brightness of the heavens." /

And many will arise as bright and shining lights that can not be

extinguished. For the Lord is now calling many out to serve Him full time, just as He did in the Jesus movement. Just watch and you will see it beginning to happen again in an exponential way. For we are entering into a commissioning season! And the Lord is showing up to many (young and old) and calling them out and setting them apart for their commissionings. And like Jeremiah their hearts will burn within them with the Word of the Lord as they step into their new assignments. And they will release a fresh wind of the Spirit over the people that they are commissioned to serve.

Matt. 24:14/*"The joyful assurance of the realm of heaven's kingdom will be proclaimed all over the world, providing every nation with a demonstration of the reality of God!" */

Yours for Reformation,
