

The Rising of the Remnant Church

I keep mentioning 'the remnant church' but those who hear me either don't know what it is, or they think I'm being elitist. Here's an unwrapping of it from a vision that Tim Sheets received.

*“I am reminded of a vision I saw of two submarines—one was a very old submarine, such as we would have seen in the first half of the twentieth century. That old submarine was submerging under the water and I heard the Holy Spirit say, “That is the Charismatic movement. It is now submerging into the culture it once ruled.” I then saw another submarine coming up out of the water, one of our new nuclear Triton submarines. It was just breaking the surface when I heard the Holy Spirit say, **“That is His remnant, New Testament church. It will now emerge from the culture to rule and reign.”**”¹*

This development of the remnant church will not happen in a *laissez faire* fashion.

“Now, for that to happen, the church must be endowed with power from on high, filled and refilled with the Holy Spirit. There must be a fresh fire and a fresh wind bringing forth a fresh anointing for us to live under. The anointing of the old season is not going to carry us forward to permeate and saturate a culture with God's life-changing love and power. To rule and reign in life through Christ as Romans 5:17 says, the church must emerge from the culture with something more real, more powerful, and more enticing to those who are lost. The time for this is not in the future. It is not around the corner. The time for this is right now.”²

Some call it the 3rd Wave, while Tim calls it the Third Great Awakening. This phase of the Kingdom on Earth has already started. We have been alerted to it over the past 5 years and this is another, “Hello. Wake up!” There's an urgent need to prepare for it so we can be the vessels that contain it. In addition there will be an advancement for us as we interact and work with the angelic army that's here on Earth for the work of the Kingdom.

“The season of the Third Great Awakening has now begun. God is giving many prophetic words about this, paired with confirming signs that cannot be ignored or denied. We must prepare ourselves individually and corporately to receive the Holy Spirit's presence and power. We must dedicate our earthen vessels to be afresh and anew—not living our lives as we always have. We cannot make God's priorities another line on our to-do lists. Instead, we should realize that God's activity is reality and our lives should ebb and flow in the river of His Holy Spirit. We must prepare our regions, bathing them in prayer. We cannot continue to treat those in our neighborhoods, our cities, our metropolitan areas, our states, and so forth, as if they are out of reach. With love, grace, forgiveness, and open arms, we should accept them as people created and loved by God Himself.”³

Time to change our thinking and way of life, everyone. It's coming, whether everyone's read or not.

Laurence
