

There's a Shift Taking Place

Some powerful and critically important points from Lance Wallnau's distributed email of 31st July 2016:

- ***“The world as we know it is under invasion...Even though deep darkness is advancing throughout the Earth, you are part of the solution. You can release the light of Heaven because the King and His Kingdom are inside of you!”***
- ***“Every sphere of society and culture was meant to be impacted by the Kingdom of God through you. No arena is off-limits.”***
- ***“Whether you have been called to be a full-time church leader or your assignment is in the world of business, politics, media, entertainment—all This is a critical MOMENT where all callings are equal and the mandate is one in the same.”***
- ***“Christians need to:***
 - 1) ***clearly identify their unique calling and then***
 - 2) ***recognize how that calling fits into the overarching agenda of God’s Kingdom purposes unfolding on Earth.”***
- ***“When you experience this catalyst moment when your calling and God’s Kingdom converge, every part of you comes alive. You awaken to the fundamental reason you have been put on the planet, for such a time as this.”***
- ***“Your MOMENT of awakening to your calling is what produces MOVEMENT for the Kingdom!”***
- ***“God promised to pour out His Spirit on all flesh; His outpouring will not come down from Heaven, but out of people who are filled with the Spirit...People who have been assigned to every sphere and mountain of culture, and are proactively and powerfully moving into these places. Truly, this is the only way that God can pour out His Spirit on all flesh – YOU carry His Spirit into these places!”***
- ***“While it is easy to become focused on the darkness, in these critical days it is vital that you learn how to live mindful of the Kingdom of God.”***
- ***“It is essential to understand how your unique calling and assignment fits into the expansion of Heaven across the Earth, for all nations.”***
