

## A LETTER FROM THE COURSE AUTHOR

Dear Partner in the Kingdom

I am glad that God is connecting you and me for the Kingdom purpose.

I believe that God chose me to develop a mentoring tool such as “Destiny” to speak into your life about the Kingdom plans you need to tap into, beginning from now.

It is my desire that you carefully listen to the teaching and complete the worksheets. I encourage you to seek the face of the Lord like you have never done before, so that God would reveal his thoughts to you and help you walk in His plans wherever you are.

The “Destiny” teachings will help you to explore into the heart of God to know how to let God move you into the divine destination He has prepared for you in this world. I strongly believe that you and I should never miss this at any cost.

I would like to personally hear from you and continue to be your friend in God’s Kingdom plan and pray for you earnestly as you seek how you can impact multitudes with your Kingdom purpose. Please take time to send a response to me after you have gone through the entire course.
