

KINGDOM ADAPTATION IS A GOLDEN KEY FOR APOSTLES & LEADERS WHO WANT TO REALISE THEIR KINGDOM PURPOSES OR DESTINIES

To fully understand and appreciate the importance and power of '**Adaptation**' as a Kingdom Principle/Key, it would be helpful to understand the difference between Destination and Paths or Purpose and Strategies.

Kingdom Destination vs Paths (Kingdom Purpose vs Strategies)

'Destination' is a final location or the finish line of a race (called Kingdom Life) that God wants you to arrive at as a result of your partnership with Him in advancing and establishing His Kingdom on Earth. The 'Paths' are the roads you take to get to your 'Destination'. Likewise, 'Purpose' is a singular, fixed and unique 'end-goal' that has to be achieved for the Kingdom and does not change. Your 'Purpose' is the one thing that God has created you to accomplish because you are the only one that can accomplish it. 'Strategies' on the other hand like 'Paths' are the number of steps, tactics, options, ways and avenues you will take to accomplish your God-given 'Purpose'. The 'Paths' and 'Strategies' you will take can be many, must be flexible and changeable.

Destinations and Purposes will dictate the Paths and Strategies we will take to get there. For example it's not the same going from Canberra to Sydney as it is going from Canberra to the Moon.

If we had to go from Canberra to Sydney we could go by:

1. Aeroplane;
2. Car;
3. Bus;
4. Train;
5. Motorbike;
6. Hitch-hiking;
7. Push-bike; or
8. Walk.

However, if we had to go to the Moon our options would be:

1. Teleporting (through the Holy Spirit); or
2. Spaceship.

So as you can see how we get there can change but where we're going cannot.

So why is **Adaptation** a Golden Kingdom Principle/Key for Apostles/Leaders?

Because learning the Art of **Adaptation** will help us fulfil our purpose or reach our destinies more effectively and efficiently.

So you might want to meditate and learn from the following:

1. **Kingdom Adaptation** is following the leadership of the Holy Spirit.
2. **Kingdom Adaptation** is wisdom for obtaining survival/reward/favour.
3. **Kingdom Adaptation** is recognising what changes you need to make in order to acquire/extract a benefit that will help you advance towards your purpose or destiny.
4. Real **Kingdom Adaptation** does not compromise integrity/righteousness/the will of God.
5. **Kingdom Adaptation** must never go against the divine instructions of God.
6. **Kingdom Adaptation** is about being Agile/Flexible/Fluid in the midst of different situations you don't necessarily control.
7. The most successful people in the world are those who have mastered the Art of **Kingdom Adaptation**.
8. The most successful Kingdom Businesses on earth are those who labour to **Adapt** to a client or customers, a market, a neighbourhood, an environment and emerging times.
9. Dinosaurs do not exist any more because they could not **Adapt** to world changes.
10. Your goal is to consider **Kingdom Adaptation** as a new tool/weapon in your arsenal for success.
11. The purpose of **Kingdom Adaptation** is to create a reward because if there is no benefit to be gained, **Kingdom Adaptation** is unnecessary.
12. In the Kingdom we must **Adapt** to avoid pain, resistance or obstruction.
13. There is good and bad **Kingdom Adaptation** and we must recognise the difference between the two. **Good Kingdom Adaptation** is knowing when to transition, change direction, stay consistent, wait or move on as you head towards your purpose or destiny. **Bad Kingdom Adaptation** is being complacent, stuck and fitting in to an environment, location or stage for too long or permanently when you should be moving towards your purpose or destiny.
14. **Kingdom Adaptation** is not just about 'fitting in', it is about 'fitting in to extract an advantage' that helps you fulfil your purpose or reach your destiny.
15. **Adapting** to transfer responsibility/outcome/purpose/assignment is not good **Kingdom Adaptation**.
16. The people of North Korea have **Adapted** to Dictatorship because it removes decision-making/responsibility (Proverbs 1:32).
17. **Kingdom Adaptation** is knowing how to recognise and fit in with 'Protocol' to avoid creating offences or negative attention.
18. **Kingdom Adaptation** can have divine purposes (for example, should we get on that plane? Getting on the plane can be a life or death outcome).
19. **Kingdom Adaptation** is like a small key that opens a big loaded vault (access).
20. **Kingdom Adaptation** is like a small hinge that swings a big door (leverage).
21. A small amount of **Kingdom Adaptation** can increase your favour two-fold or more.
22. **Kingdom Adaptation** is required for progress and/or promotion.
23. When the difference doesn't matter as much as the benefit to be gained, **Adapt** for the Kingdom.
