

MESSAGE: Australia

(Council of the Lord on 13-3-2017)

Question: Lord, what is your message for Australia today?

Message

I want to express my love for this nation by releasing it in this message. I have grown this nation over the centuries. I have watched over it, I have guarded it, my hand has been upon this nation. I have done supernatural things, but I have also worked through all and sundry. This has been a nation where everyone is able to contribute, everyone is able to rise up and achieve – I have planned it that way. It is pleasing to see that it has been working that way.

The last few hundred years, with European colonisation, it has been the turning point for this land, as a place of refuge, where the discarded peoples of the British Isles were sent. I have raised up a nation with stamina, with internal strength, with good interpersonal relations, a supportive nation, and it pleases me to see this being displayed each day.

I have brought in peoples from many ethnic groups and I have mixed them together in this nation. Like a melting pot, so that bits from cultures around the world can be glued together to produce a uniquely European-based, Asian-Australia. It delights me to see the way that nations have come in and integrated and contributed. It concerns me that there are those who have maintained their isolation and not given their heart to this nation, because integration requires a heartfelt surrender to the nation, so that the nation becomes their homeland.

I have much to do with this nation so that it enters its destiny. Do not look at your achievements thus far and think you've arrived. There is much, much I wish to do. But as is the case with all nations, it is the people who hold up my work. It is important that my precepts and my plans are alive and active and in the forefront of this nation so that it reaches its potential and the destiny that I have for it.

This side of the Millennial Reign will be a time of importance for the believers in this nation to have an impact, to have an input that is positive. I am working through my people in this nation. It's not all about the politicians and the elite, and the business and commerce leaders, or the rich and the famous. It's about the millions of everyday 'Joe Blows' and their families that will determine what happens in this nation. The groundswell from the general populous is what makes the changes. It *can* be manipulated from the top down, but the work that needs to be done in this nation is from the populous because it is a democracy. It can happen.

So Australia, if you wish to enter the best that your nation has prospectively, it lies in me. Seek me for your destiny, achieve that and see your nation rise up into its destiny. It's really that simple.

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia.
