

What About the Other Gods?

Coming into the Kingdom is not about being a Christian, it's about maturing to become a fully mature son of God. Sons need to know they have a huge role to play in the running of the Kingdom, which not only involves management, but includes working with spiritual beings.

When we watched the SkyWatchTV video “The Supernatural War is Real”¹ it was to come face-to-face with the reality that there are spiritual beings other than angels. A group of these beings is called *elohim* in Hebrew and translated as 'gods' or 'angels' in our English OT.

You won't understand about other beings unless you read wider than the Bible and 'nice' Christians books. It's part of the understanding the 1st church had that we don't have. Because of what we don't know, we can't read the hidden messages in the Bible. This is why we can't properly decode Revelation. NT believers, however, totally understood it all.

I personally know of one trainee from theological college who gave up his faith when he read about other “gods” (*elohim*) in the Bible. He wasn't taught about this reality, so he couldn't handle the new knowledge. It totally went against his evangelical training that there is only one God (Jehovah).

Below are some articles by Michael S. Heiser about the *elohim* which you may like to read so can understand:

1. The Divine Council that met in the first chapter of Job²;
2. The reason mankind is spiritually classified as being a little lower than the “angels” (*elohim*)³; and
3. Why we are called gods.⁴

This is all part of understanding who we really are.
