

## MESSAGE: The Flow-on from the Same-Sex Marriage Vote

*(This message was given at King's Counsel by one of the people being mentored to become a fully fledged CCOP member. They are trusted as a prophetic revelator, but are inexperienced in the King's Counsel method of receiving revelation.)*

I sense there will be a big shake-up in this nation.

*“It is not to bring any fear to my people, it is just to wake them up and have them stand with me because that is my purpose for this nation, which is greater than you think. My purpose, my desire for this nation, is to be a light for other nations.*

*I want my people to wake up. I want my people to get out of their ‘comfort zone’.*

*I’ll bring shaking to things. I’ll bring changes in the government and the political areas of this nation. Unexpected things will happen, but I orchestrate everything.”*

Things are about to change in the next few months. I sense terror. I see like a drought.

*“I can change all these if my people are willing to partake with me.*

*I’m in control of this nation. This nation is my ‘beloved’. I want my Kingdom to expand in this nation, so I can set this nation as a model for other nations.*

*I’m raising many people up. I’m raising my sons and daughters. I’m building my army. I’m preparing people. I’m preparing Joshuas and Elijahs. My Spirit is going to lead them.*

*This is not to fear. This is not my desire for this nation, but this will happen because my people are still sleeping.*

*I want you to know this: Don’t get distracted by all these things. Don’t get focussed on what is happening around you. I want you to focus on me. I want you to align with me. I want you to align with my Spirit. I want to show you the bigger picture of what is about to happen.*

*My people have fasted enough and prayed enough, but they haven’t done anything. They haven't gone out and done things with me.*

*Stay focussed. Get back into business with me because there are greater things that are about to happen. The enemy is trying to shake this nation, but I’m going to use my sons and daughters, as they align with me and my Spirit. I’m going to give them step-by-step guidance about how to partner with me so the works of the enemy will be destroyed.*

*Stay on course. Time is very precious. Commit with me. Commit your time, your precious time.*

*I don’t want to bring any fear to you. It will be more fun. You will experience my joy as you work with me.*

*There is more to come. Be prepared.”<sup>1</sup>*
