

Move With the Changes That are Taking Place Inside You

It's vitally important that you recognise the changes the King is making inside you. These changes can take place without you being aware of them. Some of these changes take place in your attitudes and beliefs as a normal part of your spiritual life as you grow and develop. However, if you've asked to be reprogrammed so you can think like the Trinity and have their heart attitudes, then there'll be vastly more changes taking place. The more you surrender and ask to be changed, the more the Spirit is able to do inside you.

So, take a good look 'inside' yourself, **now**. What's happened? How have you changed? Only you can know the answer to this and be able to see it's impact on your life, both spiritually and naturally.

There'll be changes taking place that you may not be aware of because we're in a new Era of the Kingdom¹. These type of changes are happening worldwide to Father's family as he prepares us for the future activities of his Kingdom as it advances.

However, in this present coronavirus pandemic as we self-isolate and protect ourselves from being infected, the impact of the chaos and lifestyle changes associated with this crisis will most likely focus us on the external. **Refocus now** on the internal and see what's happening inside you. Changes will've taken place. Are these changes from the Spirit? Or, are they from fear or the fact that life has changed and it's not the same as it was?

Changes have definitely taken place in me. I won't share them with you right now. I'll wait 'til I'm fully aware of all of them and I can then be more definitive with what I let you know.

In the meantime, Ron McGatlin has certainly noticed the changes that are taking place.

“Can you feel it yet? Do you sense a change taking place in you?”

There is a wonderful transformation taking place within many of us who are shut down from the life that suddenly ended. There is a greater life in the Lord being formed in us. It is the beginnings of the kingdom of God lifestyle coming forth on earth.

The new lifestyle may not be exactly as we may have been led to believe in our past religious training. For many, if not most of us, it is a much more practical real-life lifestyle than we were previously led to believe.

The new kingdom life is a Spirit life with God in us fully empowering and guiding our practical and productive natural life according to the will and plan of God.

It is a fully satisfying and fulfilling life of inner peace. The satisfaction of a productive life releases joy in our hearts and lives.

Entertainment and spectator sports are no longer needed to give us a temporary sense of real life activity and joy of winning. Deep effervescing joy fills our hearts and lives in the production of the purpose of God in our lives.”²
