

Spheres of Authority

There is adequate teaching on this topic in Mike Parson's video below.

Mike has been schooled in Heaven and has a lot of experience (his testimony) in this area, so his teaching is well worth listening to.

Concerning our spheres of authority, we read in his book 'My Journey Beyond Beyond', that our authority is related to our governmental role:

"Zechariah 3:1-7 talks about a journey from walking in His ways to standing in His presence. That is the journey God wants us all to take. To learn to walk in His ways here, but eventually to stand in His presence, having gone through several other stages: having access to His courts, ruling His house and operating with authority in the Kingdom..."

I also discovered the wonderful pathway of responsibility. I discovered Zion, the mountain of God; discovered the realm of His Kingdom and how to rule. A mountain is a governmental position in heaven, intended for each of us, where we operate in authority. I discovered my seven personal mountain spheres of government, each of which have seven sub-spheres. Individuals may have further spheres of government, depending on what they are called to do.

I discovered places of legislation, courts and assemblies of heavenly government. I discovered how to minister there, how to administer the Kingdom and how to effectively bring the rule of God from that place, so that I live on Earth in the 'as it is in heaven'. This is something you really have to learn, not something you just know. You can be taught, but you have to learn how to do it. You have to learn how to use the courts of heaven and everything else in that realm...

You have to take responsibility to seek first the kingdom and the government of God from heaven as a son. A son is a joint heir. An heir of God, therefore, has authority in the Kingdom, to administer the Kingdom on God's behalf. That is a whole different ballgame. I have learned more about being a son and what that means in the last few years than I did in my entire life. We are a heavenly royal priesthood but we must be priests before we can truly be kings. We need the relationship to be able to operate in the responsibility.

*Many people are fearful of operating in responsibility because they have a wrong view of God."*¹
