***Some Ancient Historical  
Facts?***

**Because we see the Bible as our only source of ‘infallible’ ancient history, AND because we’ve followed evolution’s lead and treated any other source as mythical, we’re the poorer for our knowledge of ancient times. We do this also when treating non-biblical sources as irrelevant because it isn’t God-inspired.**

## Why mythical?

Because most genuine records of ancient times refer to a creation and a global flood. Many records give dates for these.

**And the dates from ancient records?**

**Creation: 5776 years ago**

**Flood: 4120 years ago**

**A few thousand  
years, not  
millions.**

*There's no biblical cross-reference for it!!!*

## **The answer is in ancient historic records:**

“In 1536 AM God commanded Noah to preach repentance with the warning that if mankind did not repent within 120 years, God would destroy the earth with a Flood. Noah and Methuselah preached for 120 years without a single convert. Then, on the seventeenth day of the second month in the year 1656 AM, God destroyed the world by the Flood (Genesis 7, Jasher 6). This was exactly one week after Methuselah died peacefully in his sleep.”
