What I See Happening In a Trump Presidency By Bill Bennett

Sunday, November 22, 2015 23:13

They will kill him before they let him be president. It could be a Republican or a Democrat that instigates the shutting up of Trump.

Don't be surprised if Trump has an accident. Some people are getting very nervous: Barack Obama, Valerie Jarrett, Eric Holder, Hillary Clinton and Jon Corzine, to name just a few.

It's about the unholy dynamics between big government, big business, and big media. They all benefit by the billions of dollars from this partnership, and it's in all of their interests to protect one another. It's one for all and all for one.

It's a heck of a filthy relationship that makes everyone filthy rich, everyone except the American people. We get ripped off. We're the patsies. But for once, the powerful socialist cabal and the corrupt crony capitalists are scared. The over-the-top reaction to Trump by politicians of both parties, the media, and the biggest corporations of America has been so swift and insanely angry that it suggests they are all threatened and frightened.

Donald Trump can self-fund. No matter how much they say to the contrary, the media, business, and political elite understand that Trump is no joke. He could actually win and upset their nice cozy apple cart.

Banks Fined \$81 Billion for Biggest Fraud in History

BY DAMON GELLER

The days of banks being trusted institutions to help protect your savings & retirement are over. First, it was the banks gambling on derivatives that blew up the global economy in 2008 and cost citizens trillions in savings & retirement. Then, it was the banks turning over customer accounts to the IRS & police for total seizure without due process of law. Next came reports that banks are abolishing our ability to use & store cash. And now comes a frightening report that banks have agreed to pay \$81 BILLION in restitution & penalties for criminal & civil abuses against the public and their own customers. So more than ever, if you want real protection of your savings & retirement, you better move it out of the bank. Fast.
