

Revelation

Received 28th April 2015

It answers the question of why we are moving easily these days into a society that supports homosexuality and same-sex marriage.

We didn't know in the 60s & 70s what
'do your own thing' would birth today!

LICENTIOUSNESS

We didn't know in the 60s & 70s what
'anti-establishment' would birth today!

LAWLESSNESS

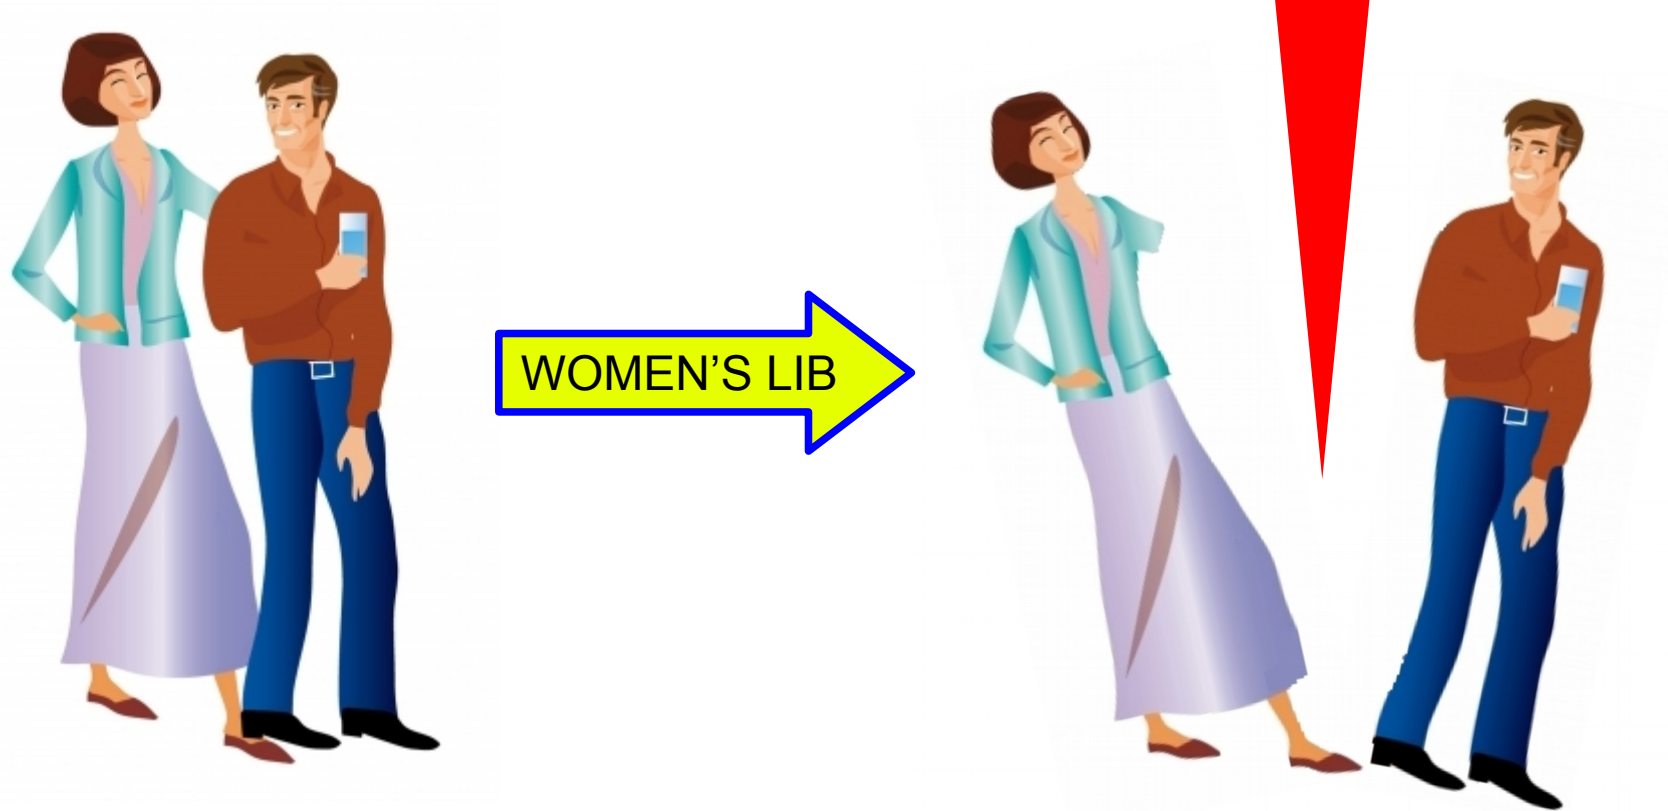

We didn't know in the 60s-80s what
'people power protests' would birth
today!

**Leaders can't lead
unless the people
agree with them**

We didn't know in the 70s-90s what
'women's lib' would birth today!

**The mechanism for a
shift to a
homosexual society**

Revelation

Women's Lib movement has become so aggressive and toxic in our society that it is driving men and women apart.

- Women are seeking companionship with women as the Liberation movement reinforces that they are not to come under the control or domination of men.
- Men are now seeking companionship with men as women are too aggressive and damaging.

The logical consequence:
**HOMOSEXUALITY &
SAME-SEX MARRIAGE**
