

Friends v Partners

- Friends are very easy to detect because they are just like you because they will have a lot in common with you.
- Friends are the same kind of seed as you are.
- Friends add to you (2,000-fold).
- You will never ever accomplish your vision by yourself.
- Yes, without vision the people perish but without "people" the vision perishes.
- You are always going to need people, especially partners.
- This why God told Habakkuk, “Write the vision down that "whoever" reads it may run with it”.¹
- God will show you and give you your partners.
- You never ever partner with someone that doesn't bring nothing to the table/deal.
- Partners have strengths that are usually your weaknesses and vice versa.
- Partners are like opposite poles of a magnets.
- Partners multiply you (10,000-fold).
- Partners should watch out for your blind spots.
- Partners should see things that you don't see because they are supposed to protect you and the areas you can't manage.
- Partners don't hate you for your success.
- All haters in your life must go.
- God never said he would build your dream or vision for you.
- But God did say he would give you the plans to build it.
- Jeremiah 29:11 – “For I know what I have planned for you,” says the lord. “I have plans to prosper you, not to harm you. I have plans to give you a future filled with hope.”
