

Some Important Points from 2015

In September 2015, Terry Bennett covered during part of his talk some of the points that have been spoken about in our Kingdom Community and Canberra Forerunners. This is good confirmation that our King is imparting the same messages to others.

Here are some of his main points:

1. Stick to speaking what God reveals to us
2. The forerunner job is to prepare the end-time Bride, to make them ready
3. The church is too focussed on formulas and ministries
4. Too much of church ministry is man-centred, man-focussed, man-anointed and my-ministry-focussed
5. We need God's revelation among us
6. We need God's own confrontation among us
7. We must only do what Holy Spirit is showing us
8. Prayer is a waste of time unless we speak what Holy Spirit gives us
9. We must be prepared to stop everything
10. Activity is no substitute for intimacy with our Beloved
11. The apostolic is vitally needed in this period of time of these last days
12. The true apostolic are the wise master builders
13. We have become ineffective and useless to the Lord because of our 'randomness' and lack of intentionality
14. We are beating the air, throwing things out in all directions, just doing things for God
15. Those who are 'sent' must have Father's approval, not ours
16. Those sent out must be prepared by the Spirit for the task
17. The Spirit must identify those who we send out
18. We aren't to send people out on Kingdom assignments because they want to go and we have the money
19. There are extremely dangerous times ahead
20. The prayers of the saints will release the final judgement on the Antichrist and his system

Terry also outlined that God has hidden the 'wise master builders' (an apostolic function) from the church until now because they would have ruined it in the past do things their own way. Also, that 'golden altar' praying needs to be established among God's people
