

# The Next Move of God

*[OpenHeaven.com Digest April 01, 2016]*

A deep Spirit inner life is being formed out of the love of God in the hearts and lives of the people of God. It is like white hot molten crystal glass being shaped by the hands of the Master Craftsman from heaven into the perfect living image of Christ. Pure heavenly living Spirit life like a perfect diamond completely free from any impurity is the new life of the reality of God abiding in His people on earth.

All of the awesome moves of God over the past several centuries have been moving us toward this next move of God. God has sent powerful moves with waves of revivals, Holy Spirit outpourings and renewals, healing and deliverance revivals, signs and wonders, great praise and worship gatherings, and much more have characterized the workings of God preparing us for this time. Prophets continue speaking forth this next awesome move of God. Minstrels have been singing about it. Apostles have come forth among us to help prepare the foundation for the new kingdom reality from heaven coming to earth.

One common theme of the prophetic words about the new move is that it is different from the past, so much so that it may even be difficult for some to recognize it. However, one major difference has now become apparent. In the past the great moves of God were focused on ministering to carnally-minded people attempting to break down carnal life and give birth to Spirit life.

Carnal does not necessarily mean a big bad thing as most have interpreted it in past religious teachings. Actually it simply means temporal or earthly as opposed to spiritual. It is naturally thinking about the activities and business of life as opposed to spiritually thinking about all things of life. Earthly or worldly temporal thinking is simply minding the things of life from the mindset of the tree of knowledge of good and evil. It is the normal pattern of thinking in most all of the people on earth including many Christians.

This writing is not about trying to be less carnal or worldly in our thinking or any other self-improvement or legalistic effort to make change. We are talking about a deep world changing move of God into a whole new reality of life of the kingdom of heaven abiding within and filling our beings with the life of Christ by the Holy Spirit. We are talking about a whole new world!

Believers affected by carnal mindedness have difficulty seeing and hearing in the Spirit. God loves carnally minded people and has been working to reach them in past moves.

Carnal minded people needed signs and wonders in the natural realm to be able to see the works of the Spirit that they could not see in their natural carnal minds. God used manifestations of spiritual works in their physical bodies to cause them to realize that Spirit God was present with them and to draw them to seek Him. Miracles of healing and supernatural manifestations such as words of knowledge about a person that only God could know along with many other works were used to let the carnal minded person know that God loved them and was there with them.

These and many other tools and circumstances such as difficult seasons in the wilderness, broken relationships, separation from religious friends and family, along with some very wonderful seasons of great blessings of prosperity and victory have all been used to prepare us to know and trust God and helped to cleanse our minds of carnality. Both the great moves of God and the wilderness seasons have been used to cleanse us and awaken us to living in the Spirit.

To be carnally-minded is death, and to be Spirit-minded is life and peace<sup>1</sup>. To be fully alive in the Spirit is to be free of carnality. Life in the Spirit is death to carnality.

For the maturing people of God who have been cleansed of carnal mindedness and now live by the Spirit of Christ, love and faith are expanding without limitation within them. These are now prepared to be the leaders into this next move of God for everyone who will receive it.

This move of God that began as a fresh invasion of the Holy Spirit that came in quietly under the cover of darkness is preparing the way for this move of inner working in the hearts and lives of God's people. It is a deep work that seems to just come upon and within at the same time. It is a work of God that is not dependent upon any external circumstances. It is a work of faith beyond our measure of faith in the past. There need not always be an uplifting preacher or music or any special external activity. It is all-consuming LOVE coming up from within. In this move external preparation or manifestations are not required for faith and Spirit gifts to arise in pure love to meet the need of every situation.

Literally the hype and performance music and special effects of past moves that ministered carnally to carnally-minded people are a hindrance to the pure flow of God in the pure hearted sons in this new move of God. Everything we do or say or experience is spiritually discerned and applied in our lives. The very tools that we used in the past moves are the things that will hinder or prevent the workings of the deep Spirit things of God and His love in and among us now. God is in and with us and will not forsake us or leave us.

#### Less Emphasis on Meetings

There will be much more emphasis on one-on-one Spirit ministry throughout our daily activity of life as the ministry of Jesus by the Holy Spirit will be flowing through us from one to another. Small groups will literally become saturated with the presence of God and every spiritual work will be done without hype or religious forms and formulas. The presence of the King will be with and within to love and change every person. Our own needs will simply be met as we continuously seek first the kingdom of God in this most powerful move of all time opens before us filling our daily lives with eternal love, righteousness, peace, and joy in the Holy Spirit.

The kingdom of God has come and is coming in this move of God.

Yes, there will continue to be the old, but the extreme conditions of cleansing judgments upon a wayward nation will erase the opportunity for continued carnal expressions of corporate church ministries. Purity and holiness from the all-consuming love of God by the Spirit will be the character of the new move of God.

The kingdom has come, and His will is being done. Thank you, Jesus. Thank you, Father. Thank you for the Holy Spirit bringing the kingdom reality to our hearts and lives. Amen!
