

## Australia in the Period 2015-2028

On the 4<sup>th</sup> April 2016 CCOP asked the Lord the following question to get his counsel: ***“Lord, what is it you're wanting Australian's to know regarding the time period 2015 to 2028?”***

This was his response, transcribed from a smart phone recording:

*“This is a great time to be alive. Have you been noticing what's going on around you? Have you been observant? Have you been watching, or are you complacent? Are you watching the things of the world? Are you watching the things of the Kingdom? Are watching the world and aligning them with the Kingdom and assessing and evaluating? Are you seeking me? Are you asking me questions?”*

*I am the source of all knowledge. You do well to seek my knowledge at this stage in Australia's growth and development as a nation. This is my nation, my jewel in my crown. My nation of friends, my nation of servants. This nation has a destiny in my plans.*

*The period that you seek is a period of turmoil. It's a period of upheavals, but it's also a period of peace. That sounds like a contradiction, but these 2 things will go hand-in-hand in the same way that light and dark will exist side-by-side in these Last Days. This is my time for Australia to rise up – to enter its destiny, to be that sheep nation, to be that leader nation, to be the people I determine them to be. But it's all up to the saints. It's all up to my people to rise up and partner with me in the things that are ahead.*

*Yes, there will be turmoil. Yes, there will be political unrest. Yes, there will be economic tragedy. But through this my people will shine: this nation will shine. This is a luminous nation. This nation has the attributes, the tenacity, to weather the storm that's ahead and to succeed in the things that I have for it.*

*This is not a time to play games, to play pretend – to pretend to be a nation. It's time to become a nation and 'hunker down' and do what's necessary to be a force for good in the world. I've created this nation for good and I determine it to be good, a force for good, but it requires alignment, alignment with me. Not alignment with the enemy or another nation, but alignment with me.*

*2016 is an important year and it's a year to focus on me. Focus hard on me. Focus your attention on me. As a nation you will weather the storms, but the storms will blow and resurface and come back again. So be on your guard and be prepared. Don't become complacent and relax. Be strong, be vigilant, be on your guard as a nation, as a people group. Stand against those things that are evil. Stand against those things that are unrighteous. Stand up against those things that come in across your borders from overseas that do not sit well with you.*

*I have placed in you a spirit to understand the times and the seasons, and to discern what's good and what's not good. But you must activate and work in that and operate in that for it to be successful. If you don't, like a child who is ignorant, you will be overrun by the things that are coming.*

*Look to me and to me only. I am the source. I have nothing more to say on this time period because I want you to focus on growing up and being who you are supposed to be, to become a mature country, a mature nation of people. At the moment you are partying, playing games, pretending.*

*You really must start operating in the political arena, in the economics, in business, finance, homes, education, in all the mountains of your culture. You must become focussed on operating as a nation should. This is where your strength will lie as I release to you the people for those mountains who will lead as chiefs. Look for them and follow their lead as I raise them up for you. There are Daniels, there are Josephs, there are Moseses, there are Joshuas and Elijahs who I am raising up. Those are the ones I implore you to follow. Don't look at their looks, their demeanour, or their credentials. Look for the anointing in them and follow them. Let them lead you forward because I have anointed them and blessed them for this purpose.*

*That is enough for this time. Like a child, I can only teach you so much. I can only tell you what you need to know, so follow through on that. So work on this right now. I will tell you more in the future. As you ask me, I am happy to pass on my mind to you. But be careful, I will not tell you everything. Faith must rise up. You must walk in faith. Step out, and in faith, trust me.”*
