

Civil War is Coming to the Church

We are in a new season. Our King has informed us that it will be a time of glory, when his Bride rises to become the ‘organism’ she was intended to be. It is a “pre-Christian era”¹ according to John Kingsley Alley, not a post-Christian era, because the real *ekklesia* hasn’t appeared yet.

I have taught that this is a time of turmoil and internal persecution², far worse than the current Internet persecution³ from bible-believing Christians. Recently, Neville Johnson⁴ confirmed this in video and in text.

The text is summarised below. The quotes are from a summary of Neville’s posted by Common Sense Prophecy on their online publishing website:

*“Neville’s word is addressing a new season which is only just beginning and will continue to take shape and unfold over the next seven to ten years and more. Note that there are also qualifiers to the word: it is meant for those who press in to a deeper level of commitment and sanctification and who exercise faith to take hold of the word. The Church is still in a birthing process, and like any birth, should expect some unusual and messy occurrences.”*⁵

*“It is up to you and me to press in and take hold, by faith, that which has been released to us in this new major season. We need a fresh commitment and a deeper level of sanctification in order to move on to the new day.”*⁶

Some of Neville’s relevant points are:

- *“That shift that occurred in the world and the Church in 1948 [the Charismatic Movement, power-evangelism, and the rise of great leaders like Billy Graham] is about to happen again – this time at least seven times greater.*
- *We need to remember that birthing is painful and messy. No new move of God is without some seemingly crazy things happening.*
- *Make room for the unusual to start happening, we have not been this way before.*
- *Regarding the grace of God that was extended to grant more time for the Church to get its act together and walk in righteousness, this extension has been closed. Judgment will begin at the house of the lord.*
- *God will have a pure Church, walking in the character and purity of the Lord Himself. The cleansing of the Church is now on Gods agenda. God will have a Church walking in purity and righteousness.*
- *The time of easy grace is coming to an end...Using the grace of God as an excuse to walk in unrighteousness will be judged.*
- *Much of what God had given us in the past was for this season. This shift will see words coming to*

pass that were given many years ago. Many real and powerful prophetic words which were given during the Charismatic Move of God which ended in the mid-seventies; will start now to unfold in this new season. Get ready change is on the way.

- *After 40 long years in the wilderness the time had come to move on. Likewise, the time to cross over to the new day has come.*
- *This shift will now open up the way for us to break away from the pull of this earth on our lives, enabling us to walk with the Lord in heavenly places.*
- *God is about to empower the true Church with such authority that has never been seen in the Church eclipsing even what the early Church experienced, in fact seven times greater.*
- *What is quaintly called by many 'Philips Transport' [the bodily translation of the evangelist Phillip in Acts], will become very common as God empowers His people to preach the gospel all over the world. Whole teams will be supernaturally transported all over the world to preach the gospel of the Kingdom with truly amazing signs and wonders. As the pull of this earth on His people decreases many will have access to and walk in Heavenly Places. The veil between the Church on earth and the Church in heaven will become so thin that encounters with the cloud of witnesses will be come to be seen as normal." ⁷*

DISCLAIMER: We have learnt that a person's theologies influence their prophetic writings and talks. That's why not every thing Neville says or writes in the items I've referenced aligns with the current realities of the Kingdom and the *ekklesia*. So please look past his extrapolation of scripture to today, his futuristic eschatology and his Israel-centric mindset.
