

# MESSAGE: Blessing Other Nations

*(King's Counsel on 11-12-2017)*

**Question:** Lord, how do you want Australia to bless other nations?

## Message

“Haven’t I said all along that this is a special nation? Have I not told you and instilled in your hearts the notion that you are important in national affairs? If you haven’t got that, get it now. This nation is an important nation in my plans. The future, I am not about to reveal to you, it is best that you trust me with it. But for Australia, I am looking to Australia to rise up, to have a major impact, not only on South-East Asia but on world affairs. And, yes, I do want Australia to be a blessing because my nature is to bless. My Kingdom, which is rising in this nation, will be a blessing to the nation and the nation will bless out of that.

It is true that through philanthropic efforts, Australia has been a blessing to nations. I created this nation bringing people in who would have a heart to give and a heart for others, and I have been blessed and I have enjoyed seeing the people of Australia blessings others, both the visitors to the shores and in the way they have touched nations and the peoples of other nations.

It was a source of pride for me to see Australia also go and support other nations who had been attacked by other warring nations. I commend Australia for those efforts. It would have been very easy to have hidden away in your little continent at the bottom of the world and ignored the rest of the world, but you have stepped forward and said, “We will assist”.

My plans are even greater than these. I do wish [too see]<sup>1</sup> a spiritual impact on other nations, but as you know in the Kingdom, the Kingdom is spiritual and physical. As it was with Israel – physical and spiritual – so it is with my Kingdom in Australia. I desire spiritual blessing and physical blessing for other nations. It is a Kingdom principle that whatever you receive, you use and pass on.

Australia, this is what I want you to really get a hold of. Whether it is spiritual or physical, the principle that you must start working on is, whatever you receive, you use wisely and righteously, and pass it on for others. So when I make major moves in the Spirit in this nation, I want that to be shared amongst the people and I want it to be shared overseas, because what I am going to do spiritually in Australia will be of a different style and a different type to what I am doing elsewhere, but it will be important that that spiritual change touches other nations. There will be a synergistic effect of what I do in various nations when the various ones come together, it will burgeon into something really magnificent.

Now, I don’t want you to just look at the spiritual. There is the physical as well, Australia. You must continue to be a giver, financial and in produce, to other nations. Of course there is an economic bent to that, where you will want to sell overseas to balance your payments and to produce a ‘climate’ in Australia of a high finance and economy. But I want you to be more giving than that, not looking to get major prices, large prices, to make large amounts of money, but look at selling things overseas at a fair price. Remember, I have instilled in this nation the “fair go”. That must move from relationships to the way you deal financially as well and in the way you trade.

I have made it known that Australia is to be a food bowl.<sup>2</sup> I will bless this nation with productivity in the agricultural sector so that they will be able to export more. This is part of what you will do to be a blessing to other nations who are unable, through spiritual ‘climate’ or meteorological climate, they will be able to receive food from you. Bear in mind also that I have placed in the ground, minerals, oil, gas, large amounts of this which you can mine and export. This is also part of your blessing to other nations who don’t have.

So, the Kingdom is holistic. Don't just think of it as only spiritual. There is the spiritual and there is the physical, and my wish is that Australia moves forward in both areas. Keep attuned to me, and you will know to give, what to bless in the spirit and in the natural. And I appeal to the leaders of this nation, both political, business and industry, learn my ways, learn my principles, and operate in them. There is a blessing for the nation as a whole and for the world if you do that."

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia.
