

What is a Forerunner?

They are a Kingdom vanguard

They lead the way in
new developments,
ideas & paradigms as
they follow the King

They don't strut around big-noting themselves

Their only interest is to be
about the King's business
as they help the Kingdom
advance on the Earth

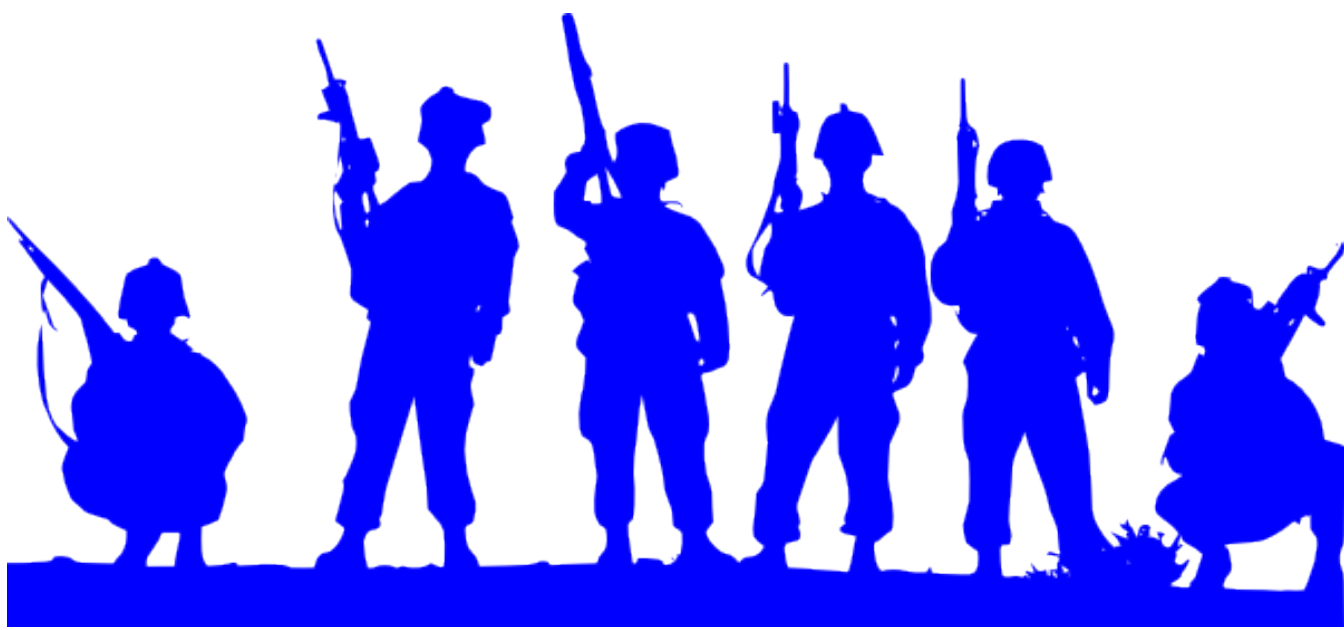

**They
constantly
require a
new
wineskin**

There's so much that's new where they
go they'd be useless without it

They are shock troops

"'Shock troop' is a calque, a loose translation of the German word Stoßtrupp. Military units which contain assault troops are typically organized for mobility with the intention that they will penetrate through enemy defences and attack into the enemy's vulnerable rear areas."

I'm a forerunner. Are you?

If you're not, then you must be here today to
find out something new
