

# MESSAGE: Community is in Your Street

(Prophetic message 28-4-2018)

*While waiting for our King to prompt us with the questions he wanted us to ask him this month we were totally surprised that he gave us these ‘marching orders’ for his people for this season.*

“I want you to meet with your neighbours: the people who live either side of you, the people in your street. These people are calling out for me. They don’t know it, but inside them they are empty, and they are looking for life, they are looking for answers, and you have the answers. Meet with them, enjoy them, and allow them to enjoy you in what I have supplied within you – that living water that can flow out to them and refresh them.

Put aside all your preconceived ideas. Put aside your attitudes that don’t align with me, and love these people. Love them into my Kingdom. Love them in a way you’ve never loved before. See them through my eyes. See them as my gems.

I created them and I am looking to you to bring them in for me. I don’t have any other way. I don’t intend to do things miraculously: I only do that when there is no way that I can work through my people. You are mine, I am yours, and we work together. This is my plan. This is the stage of life in the Kingdom, the stage of history.

I want you **all** to move into your streets. This is your community, this is your workplace, this is your marketplace. **This is the time – it has started**. If you don’t move, they won’t come. I will send some to you, they will knock on your door. They will come and ask for help. They will ask for answers to questions. They will seek your advice. They will look to you for guidance.

It will be quite disarming for you because this has never happened in recent times since people moved to the cities and became isolated. Community, as I have with my Father and with Holy Spirit, is what you must develop. Community, genuine community. I’m throwing out to you the challenge right now, to begin to commune with those around you. Of course this cannot come about unless you commune with me, and by “commune” I mean you have a relationship with me. Not just know of me, but know me intimately, because you need this to connect others to me.

There is no time to lose. This is your charter now. From this time on, until I tell you otherwise, your charter, your prime directive, is to connect with the people in your street, your neighbours. And I am not talking about evangelism of the type that has been going on for the last couple of hundred years. I’m talking about genuine connection, genuine relationship, genuine community. ‘Commune-ity’ as in, “commune with one another”, not ‘community’ as in “we live near each other” (as in local community).

The challenge is there for you. Take it up and run with it, and you’ll be amazed at what happens, because I will work behind the scenes. Actually I will work in the foreground in the spirit realm and make sure things happen. Trust me, step out, ‘walk on water’, just as others have in the past and achieved great things. It is my delight to release you now. Go for it. I am with you.” *[Emphasis is mine, except single underlines]*

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia.
