

The Importance of the Internal Kingdom

(Prophetic message 19-10-2018)

QUESTION: Lord, tell us about the importance of the internal Kingdom¹.

Message

“The internal Kingdom is just as important as the external Kingdom. What transpires inside each of you is vitally important. This fact has been ignored and overlooked in the past. No longer! It is a crucial aspect now of life in the Kingdom that you must develop your internal Kingdom. This is where I rule and reign in your lives. There is no other way to move forward with me from now on, until you really understand this concept and implement it. It is not negotiable. I must have full rulership in your life. I must be the King – not just spoken about, not just referred to, but I must actually be the King in your life.

You need to learn this because democracy does not teach it. Democracy teaches self-will and self-expression. In the Kingdom, it is my will and my expression through you. When we work together, this is a composite effect. It is: You have input into the way things are expressed because I take your character and your personality and your skills, and I work through you and display you as I work.

It is not about being a puppet. Don't fear! There is hesitation in many of you, because you think you will lose yourself if you submit to me, but many have found that complete submission brings freedom. I will take all the responsibility. I will lift it off your shoulders, and if you flow with me, in submission to me, it will be an easier 'ride' because at the moment, you carry too much.

You are still trying to do things for me instead of with me – instead of me doing things through you. The internal Kingdom is where everything begins – you and me together, through our relationship, through our intimacy will grow into each other. I in you and you in me, and out of that, I will direct you on the things: that you need to do; what you need to say; where you need to go; who you need to become. All you need to do is relax and enjoy what I'm doing.

Release yourself into my hands. Cease holding on. Like a drowning person who strangles the rescuer instead of relaxing and allowing the rescuer to swim them to the shore, you are trying to strangle the life that is available for you, by doing things yourself. Your focus on doing, doing, doing, rather than being or becoming, is detrimental. Even though you can't stop your doing, you need to. Take a sabbatical from doing things. Just enjoy me. I should say, doing things for me, because there are things in your lives that you need to do. I'm not talking about giving up on everything and going bush and sitting there for a time.

Cease your striving to do things for me. The Kingdom will manifest through you as I manifest in you. This is the internal Kingdom. See to it that the internal Kingdom grows and develops and becomes the powerhouse for each of you. You will not be able to impact this nation fully, you will not be able to have an impact on culture to the extent that you want, until you develop that internal Kingdom as the source of your Kingdom life.

It's not really a big task for you to do, but it will be difficult because you have been doing things for me, instead of me doing things through you.

Take heart, all is not lost! Everything you have done has not been a failure or wasted. It has been part of your growth and development. So focus now on me, and the internal Kingdom will begin to manifest itself as you surrender and as you allow me to transform you.² Like a butterfly that must come through the pain and difficulty of exiting a chrysalis, you must go through that pain of the destruction of 'self', so that the internal Kingdom can be strong in you.

Start today. Don't dilly-dally. Don't waste time. The sooner you start on your internal Kingdom, the sooner you will be making strides ahead to impact your sphere of influence and your nation.”

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia
