

# More on this Current Time in the Kingdom (January 2019)

Following on from the prophetic insight I was given concerning the current season we are in,<sup>1</sup> a time when Forerunners are leading the vanguard for the restoration of all things, this is an update. More information is being received to cement this time in our understanding and to equip us with the knowledge we need to move forward without deviation. Read on!

Here are some insights into the modern understanding of religion and why the Kingdom must be demonstrated rather than purely accepted by faith as Christianity does. Modern Westerners adhere to the belief about religion being superstition, outlined below, even if they are unable to express why. Demonstrating the Kingdom as Jesus did leaves no doubt that what a person has experienced is real and not superstition.

*“Religious beliefs and practices have acquired, over the course of modernity and its enduring afterlife, an increasingly private and, at the same time, cultural-anthropological significance, allowing us to suspend the problematic judgment over ‘true’ and ‘false’ beliefs, ‘right’ rituals or ‘correctness’ of worship, as long as these beliefs and practices do not interfere with everyday civility. “Not every prejudice or weakness we seem to detect in our fellow men is equally harmful”, wrote the Jewish enlightener Moses Mendelssohn a century after Spinoza’s Treatise, and he concludes: “It seems to me that anyone who leads men to virtue in this life cannot be damned in the next”. Since religious faith eludes empirical proof, or as Immanuel Kant put it, “assertorial knowledge”, and since ritual practice was deemed by the Enlighteners “ceremonial” but not universally required, superstition and prejudice could philosophically (and politically) be tolerated as harmless human error that, at times, might even have inspired virtuous behavior.*

*Until, of course, this error ceased to be harmless. Spinoza well understood that superstition alone is not merely an error or false belief but the inevitable result of fear and hope struggling for mastery over the human mind. There is, he claims, no ruler more potent than superstition. Since fear and hope spring from human emotion rather than reason and understanding, superstition and prejudice, no matter how harmless they may initially seem, must ultimately be maintained through the very power of emotions that created them: through “hatred, anger, and deceit”. ”<sup>2</sup>*

(extract from teaching on 29-12-2018)

*“God lavished His blessing upon mankind, from the very beginning, to empower us to fulfil the plans he has always had for us. He had a plan, before ever things went wrong, to ensure that His original intention would be fulfilled...God was looking to restore everything, even before we messed it up. He has already made a plan for us to be face to face before Him, blamelessly innocent...If there is going to be a restoration, and He is the original architect, then surely that restoration will be in accordance with His original design. He had a dream in His heart, and He is going to bring that dream to fruition. This is cause for celebration! And it is grace, His divine enabling power, which causes that to come about...*

*Restoration is unfolding before us. It is not just an event that will happen some time in the future, but a process that is already in motion; a process in which we have a part to play as maturing sons. There is an element of past, present and future in all of this. If everything on earth and everything in heaven is reconciled, and reconciliation is restoration of relationship, and we are ministers of reconciliation, then can we begin to see how we fit into this picture? ... In reality, he is already talking about restoration. Repentance, we know, has nothing to do with being sorry enough about something to cause God to respond, but everything to do with getting God’s perspective on our situation and agreeing with how He thinks about us. And we have seen what God’s perspective is: blameless innocence.*

*Returning has to do with coming back to our original identity and purpose. The sin is the loss of that identity, our losing sight of the original image of God within us, a loss which has caused us to act in ways which have damaged both ourselves and others. Our whole fallen identity has been blotted out and wiped away; every accusation against us nailed to the cross...Restoring our status as living beings is only the precursor to our being able to mature into the godlike beings which, as sons of God, He always intended us to be. He does not seek to restore us only to what we were on earth, but to what we were in the heart of God; in the ‘what was’, outside of time and space...*

*‘...and the God of the peace Himself sanctify you wholly, and may your whole spirit, and soul, and body, be preserved unblameably in the presence of our Lord Jesus Christ’ (1 Thessalonians 5:23 YLT). Young’s Literal Translation has it right. Most translations say ‘at the coming’ of our Lord Jesus Christ, but that Greek word ‘parousia’ is really rooted in ‘presence’. If you are only looking to be sanctified and without blame sometime in the future when Jesus returns, then you will likely miss out on the potential of it happening now. But if you see it as the ‘presence’ of the Lord which brings refreshing as He breathes into us and restores us on a moment-by-moment, breath-by-breath basis, then you can enjoy that as a present experience, here and now. Because ‘...you were washed, but you were sanctified, but you were justified in the name of the Lord Jesus Christ and in the Spirit of our God’ (1 Corinthians 6:11, emphasis mine).”<sup>3</sup>*

*“[Father] desires to restore everything about us, including our identity, position, authority, abilities, knowledge, wisdom, relationship and connection to the created order. He desires to remove the limitations of the finite and the mortal nature of our minds and restore the limitlessness of our transcendent and infinite origins. We are relational beings, made in His image, of limitless creative potential.*

*We were conceived as limitless, immortal beings like our Father. He never intended the limited, restricted, finite, mortal existence which mankind now experiences because of choosing the DIY path instead of the Tree of Life. Restoration of our sonship encompasses possibilities far beyond the wildest dreams of even the most creative minds...*

*He told me, ‘Son, your sonship is the only priority you need to focus on’. The purity of restored relationship between the Father and His sons and daughters is His deepest desire; the restoration of all things is its outworking. ‘This is the love agenda where all things of the created order will be returned to relational connectedness within My unity. Son, no one who becomes intimately acquainted with the thoughts and intentions of love revealed through knowing Me could fall to see their destiny within the desires of My*

heart'...

*All things were created to work together, unique and individual in themselves, yet only complete within the harmonious union of the whole. The removal of all fragmentation, fracturedness and brokenness in all its forms is the ultimate goal of restoration...*

*The restoration of the sons of God will be like Joseph coming out of the dungeon prison to take up the second highest position in Egypt; we will emerge from obscurity and shame to be invested, enthroned, seated in the heavenly places; ruling and reigning as the mountain of the house of the Lord.”<sup>4</sup>*

*“Christians are God’s visual aids for the Earth. He uses us to show the world what Heaven will be like. How many people, right now, have the wrong impression that Heaven will be a place of dull hymns, old-fashioned music, and a glum God? Where do you think this idea comes from? It flows out of the world’s dislike for dull, old-fashioned, glum Christians!*

*We are the first crop of God’s provision that the world sees.”<sup>5</sup>*

(extract of prophetic word on 11-10-2018)

*“The Lord says: ‘This is a new day. You are the generation who I have chosen to walk in My authority, power and demonstration of My Kingdom on this earth. I am about to release My glory on this earth as it is in Heaven. You have been created for miracles, signs and wonders. I am looking for those who will speak to the mountains, rather than circle the mountains repeatedly.*

*‘I am looking for those who will run the race with endurance and stand strong when the winds and waves of adversity arise. They will be those who will walk on water rather than allowing the waves to overtake them. They are those who will release My light into areas of darkness, and the desire of the wicked will perish as they come into the light. They will drive out the inhabitants of the land as My glory arises within them, comes upon them and moves through them.*

*‘As you allow My Word to sustain you, you will be strengthened beyond your natural abilities. You will no longer be limited in your ways of thinking. You will no longer look to the wisdom of man, but you will understand the truth of My Word. As you trust Me, you will no longer be confused by diverse doctrines.*

*‘Just as Paul threw the viper off into the fire and was unharmed, you also have the authority to throw the vipers off that try to attach themselves to you. You are not mere men and women, but you are a chosen generation, a royal priesthood, a holy nation who will release others out of the kingdom of darkness into My marvelous light. As My light is released, the darkness will instantly diminish. This is the day of the demonstration of My glory. This is the divine plan and purpose that I have for you in this season’, says the Lord.”<sup>6</sup>*

## **assignments are being made by the Holy Ghost.**

*The new assignments are always LOVE-based instead of based on need or religious order. **God's LOVE in us is the order.** What we could not make work with church system order even based on biblical word, will supernaturally flow into order by the pure holy love of God in and among His people.*

**Our lives may be tested as our souls resist the change and seek to challenge us in adjusting to the new assignment.** *For some of us the changes may seem abrupt and harsh to our old mind sets. Our nature may be to resist change. Our soul may want to know all the circumstance and details and remain in charge by approving or disapproving the change. We simply must allow the gracious mercy of God to encourage us in His love to fully surrender to that which God is doing. It becomes easy, because the grace of God will make us miserable in our old unchanged situation.*

**Changes of alignments will come with the change of assignments.** *It may happen that suddenly places where we were fruitfully connected simply disappear. Relationships that were productive and good seem to suddenly be gone. There may or may not be problems or human disorder, yet the relationship suddenly is just not as it was. At the same time intense love and desire to closely connect with other people or groups or situations arise within us by the Holy Ghost.*

*Some may have been feeling dissatisfaction in a place of relationship and service. By the Holy Ghost, those feelings will either turn into fresh love and peace, or they will suddenly seem smothering and unbearable until we are realigned in our new situations.*

*Our new assignments and alignments by the Holy Ghost invasion are part of the preparation for the most significant move of world-cleansing cataclysmic events in recorded history. At the same time the covert invasion of the Holy Ghost is bringing the beauty of holiness in the lives of God's people, there is an overt power move of God destroying the pride and loftiness of man. Everything that lifts itself against God will be brought down as the natural world is shaken beyond measure.*

*Living a long comfortable life is not the first priority of our hearts. Living in oneness with God through the Holy Ghost will cause our first priority to be that of fully accomplishing the purposes for which we were sent to this earth.*

*There is no doubt that we live in a major season of the work of God transforming the world to the kingdom of God on earth as it is in heaven. All of our assignments and alignments in some way relate to our purpose of life on Planet Earth. The purpose for each of our lives is in some way related to the glory of worshipping God in the beauty of holiness.”<sup>7</sup>*

*\*(extract from prophetic message on 19-12-2018)*

*“I came for restoration. I came to reverse the effects of ‘The Fall’. I came to re-initiate, as it were, Father’s original plan for creation. This is the way things were at the beginning, with Adam and his wife, Eve (who was his Ezer), in the garden near Eden. This is the epitome of creation. ‘The Fall’ has destroyed everything, and it’s humanity’s fault. We put humanity in charge of this planet – and actually in charge of the universe, not just this planet – and through self-ignorance, they gave it away. The penalty for that was that the original creation in its purity could no longer house the world and people. So I came to cancel the effects of ‘The Fall’ by destroying the works of the enemy, and empowering the sons of God to take their rightful place, and filling them with the Spirit of the Living God, they are where Adam and Eve were originally.*

*We do not have a Plan B, only a Plan A – THE plan. So what should you be celebrating? You should be celebrating the fact that ‘The Fall’ has been reversed, and that you are adopted back into Father’s family where Adam was, with full power and authority. This is worth celebrating. It is not wrong to celebrate this because this is our plan for you. So celebrate the fact that you are in our family again, and that you are part of the team who will be working to restore creation back to where it was, because I left humanity in charge.*

*\*(extract from prophetic message on 20-1-2019)*

*"I have been moving behind the scenes to produce prototypes of the men and women that my Kingdom needs, to exhibit to the world who men and women are truly supposed to be. This is one of my major feats in the battle against the kingdom of Darkness: I will restore genuine masculinity and femininity as I created it in the beginning.*

*Not only has The Fall corrupted it, but over the last few centuries there has been a deterioration, a blurring of the distinction between men and women. This cannot continue. The whole of society – all societies for that matter – is dependent on the family, and the family cannot survive, thrive and increase in numbers unless there are genuine men and women who join together in unity, in union, for the purpose of being one as I created them to be one. This union not only requires my participation so it's a union of three, but the union of a man and a woman in marriage requires that they operate as Kingdom men and Kingdom women.*

*This is entirely different to being religious men and women, or Christian men and women, and definitely in total opposition to what the world raises up on display as genuine men and women. It's called progress. Some call it the evolving of society, but I can tell you that this so-called advancement has only one purpose, and that is the destruction of the society that I set in place. Its purpose is to destroy what I have set up, but I will not allow it to succeed. It will not succeed! It will not succeed in Kingdom citizens. Those who are in the Kingdom must align with Kingdom standards in all areas, and this includes their gender role.*

*I will bring more teaching, more information on this as time goes on. But, Kingdom sons and daughters need to look for partners that I show them, and each of them needs to develop the characteristics of the Kingdom. And I say it again, it has got nothing to do with religion, it has got nothing to do with the Church. It's about being the men and women as I created them to be. This must sink in. There is no other way. My Kingdom will advance. It's part of that advancement. Be on notice of this: Part of my advancement is the development and release of genuine masculinity and femininity so that marriages function as they were created to function.*

*Alignment with this is critical. By critical, I mean it's essential because the attacks of the enemy against families will be increasingly ferocious. Safety in the future will not only be in me but within families. Safety will be even greater when husbands and wives function in genuine masculinity and femininity, because the way I created it is a support mechanism for the husband and the wife and for the children, and on top of that, the society.*

*So for those who want to move forward with me in where I'm taking my people, search for my knowledge and wisdom and understanding in the roles of men and women in the family. This is where safety is. This is where I will be making the major changes in society. Do not adhere to society's current norms of gender roles. They are 'out of whack', and they have absolutely nothing to do with my Kingdom.*

*The challenge is there, and I can tell you it's a huge challenge because you will be going against society, and it will mean that some of you will be persecuted and even tried by law for following my standards. But this is all part of being in my Kingdom. Weigh it up. Are you game to move forward? If so, I will pass on more information so that you can align with me."*<sup>9</sup>

*'The Kingdom of Heaven is like a mustard seed planted in a field. It is the smallest of all seeds, but it becomes the largest of garden plants; it grows into a tree, and birds come and make nests in its branches' (see Matthew 13:31–32).*

*'The Kingdom of Heaven is like the yeast a woman uses in making bread. Even though she puts only a little yeast in three measures of flour, it permeates every part of the dough' (see Matthew 13:33).*

*Daniel 2:44, which we discussed in chapter 8, describes the Kingdom this way:*

*In the time of those kings, the God of heaven will set up a kingdom that will never be destroyed, nor will it be left to another people. It will crush all those kingdoms and bring them to an end, but it will itself endure forever.*

*This verse is reminiscent of Isaiah 9:7, which says, “Of the increase of His government and peace there shall be no end...” (Isaiah 9:7 NKJV). The nature of the Kingdom of God is ever progressing—always expanding, never retreating, and continually growing. Take, for example, the following five progressive statements from Scripture. The Word says that we move from:*

*1. Brighter to Brighter – The path of the righteous is like the first gleam of dawn, shining ever brighter till the full light of day (Proverbs 4:18 NIV).*

*2. Grace to Grace – And of His fullness we have all received, and grace for grace (John 1:16 NKJV).*

*3. Strength to Strength – They go from strength to strength... (Psalm 84:7 NKJV).*

*4. Faith to Faith – For in it the righteousness of God is revealed from faith to faith; as it is written, “The just shall live by faith” (Romans 1:17 NKJV).*

*5. Glory to Glory – But we all, with unveiled face, beholding as in a mirror the glory of the Lord, are being transformed into the same image from glory to glory, just as by the Spirit of the Lord (2 Corinthians 3:18 NKJV).*

*According to these verses, we can accurately say the Church is currently walking in the greatest brightness, grace, strength, faith, and glory it ever has. This is very hard for some to accept, but it is true. Jesus set in motion a Kingdom that is still progressing and being established more and more each day.”<sup>10</sup>*
