

The Kingdom is Actually Ultra Right-wing

It is my contention that Kingdom citizenship or membership of the Kingdom is an Ultra Right-wing position in the cosmic scheme of things. The key determining factor in this nomenclature is a person's prime ideology and their allegiance.

Kingdom citizens are on the Right as far as society's ideologies go. We are:

- Pro life
- Pro free speech
- Pro democracy
- Pro national
- Pro responsible government
- pro self-autonomy
- Pro personal liberty
- Pro freedom to hold personal property
- Pro entrepreneurial
- Pro community

However, we are extra-national when it comes to the Kingdom – we are Kingdom citizens first, not citizens of the world. We are ultra-reliant on the Kingdom for the supply of our needs, not the national government. We are ultra-theocratic in that the King is totally in charge and his word is law (*Rex Lex*)
