

Right-hand Sons

(Prophetic message 28-7-2019)

Question: *Lord, while meditating on the type of sons that you want us to be, you gave us the expression “right-hand sons”¹. Tell us what we need to know about this?*

Message

“This has been a problem generation after generation for my people. They have not really grasped what I’m looking for in the Kingdom. They keep being taught they are either slaves, servants or bondservants of God. Well, this is not accurate. In the same way that religion has taught followers of me to worship me and bow to me and do great deeds for me in the church’s eyes, this was incorrect. What I have been looking for is what I created humanity for. I’ve been looking for relationship, not servitude. This is the big difference between worshipping false gods and being in my Kingdom. There’s no comparison between the two.

Religion teaches their followers to do what they think pleases me. I’m not interested in that. This is patently clear from my dealings with Israel. Although I said obedience is better than sacrifice,² what I was focusing on is the heart attitude of obedience, not legalistic obedience. There is a difference. My teaching to my disciples and my words to Israel through the prophets in ancient times was all about heart attitudes and a love relationship. This has not got through to my people. They are still trying to serve me by doing what they think I want. They are still serving me in ways that they think placate my anger. No! I am looking for love.

I have poured out my love for the world, for humanity, and I’ve poured out my love into my people. I am looking for a return of that love. Religion doesn’t do it. Service doesn’t do it. Love comes back to me through love – no other way. I have been schooling my people in the past decade about coming back into intimacy with me. This is what I want. We³ are in unity and we are in intimacy, and my greatest desire is for intimacy with humanity. I had this before [with them]⁴ The Fall, and it’s possible to have that now because the curse of The Fall has been cancelled in the lives of those who are reborn of my Spirit.

Your most important function is to love me with all your being, and to be in an intimate relationship with me. Out of that love relationship we can partner together in the things of the Kingdom. While ever that relationship is not there, your activities will be in vain. By “in vain”, I mean, they do not originate from me, from my relationship. Everything is supposed to come out of my relationship with you. When you relate to me in intimacy, you know my voice, and I can direct you to do the things that I want done, in the ways I want it done, and I can give you the things to say.

I bring this to you now as a point of correction because I can’t talk to you about your sonship if you’re not in right relationship with me.

So, your first job is to work on that intimacy and love relationship with me. I need to become your beloved, and what you do flows out of that strong love for me. This brings us to understanding sonship. Remember, sonship is the descriptive word of the relationship that Father and I have, that Father had with me when I was Jesus of Nazareth. That’s what sonship is. Please don’t see it as a gender thing. It’s about the type of relationship a father has with a loving son.

When you are reborn by my Spirit, you come into the Kingdom. You come in as babes, and you have to grow and mature as a son. I did that. It took me 30 years of life in Israel before I got to the point of being released into the work I had to do for Father. In that time, he trained me. He trained me through life, he trained me through experiences, he trained me through my family, and he trained me spiritually through my relationship with him. My intimate relationship with my Father got me to the point where he was pleased with me and anointed me as a human being, to be about his business, with power and authority.

I couldn’t step out and do what I was destined to do until I was at that point. If I had have gone off and

done things on my own because I knew what I had to do, I would have been out of line. I would have been disobedient to my Father. Sonship is all about your relationship with me and with Father. I am wanting to mature you as sons, because until you are mature at a particular level, I can't release you to be effective in what I have planned for you. Sure, you can release yourself, and through my grace there will be favour and blessing on that, but your full potential, the full impact of what you are to do doesn't come until you are mature in the Kingdom as a son and I release you.

That's the second point of correction I need to bring.

So, what about 'right-hand sons'? I know this is a new concept for you, which is why I had to drop it into your spirit. You are well aware in your culture that a 'right-hand man' is the one that the boss, the supervisor relies on completely.⁵ They are totally trustworthy. They know what to do. Their heart is for their overseer. They have basically given up all desires to do their own thing, and they just want to please and be about the business of their boss. In Australia, this is what all leaders are looking for – supporters, wholehearted supporters. There's usually one person that they can totally depend on, so that if anything happens to them, that person can continue the work, and they know it will be done, and done properly, and in the way that they want it done.

This is what a 'right-hand son' is: The son that is a 'right-hand man' to me. In your system, there's usually only one 'right-hand man', but in my Kingdom, I am wanting to raise up all my sons to be 'right-hand sons'. I'm looking for those who I can totally trust and rely on, who I can release in their own recognizance, to be about my business because they know my heart. They know my voice, they know my plans, and their only heart's desire is to please me by being about my business so that my plans are fulfilled in their lives and in those they impact, and also in their nation.

This type of son has to go through the process of maturity to becoming a mature son, and then go on to more training before they can become a 'right-hand son'. [They are]⁶ one like I was to my Father in Israel, where he released me to do what I had to do for him, for the Kingdom. And through our intimacy and our spiritual connection, I was able to achieve that.

This is a different concept to what the church teaches. The church is trying to raise up Christians: I want to raise up sons. The church is trying to raise up committed Christians: I'm wanting to raise up mature sons. The church is trying to raise up professional Christians: I want to raise up 'right-hand sons'. There's a huge difference.

There's much work to be done in the time that's left, before the end of this age, and I can only complete that if I have mature sons and 'right-hand sons' working with me, in alignment with me. I have chosen to work through people – I set it up that way at creation. After the 'new birth', you come back into that place where my first created beings were. My intention is to reinstate you in the mandates that I gave Adam. A 'right-hand son' is the type of person who is in the image of the original Adam.

So there you have it. 'Right-hand sons', that's what I want. I know not everyone will want to be a 'right-hand son'. Not many will pass through the testing and preparation for that. So whatever level you are able to reach, reach it, commit yourself wholeheartedly to it. Work on your intimate relationship with me, and things will be achieved in your nation, in your life and in the world."

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia. Since 2017 CCOP has been expanded to function as a network of prophetic voices.
