

# More on this Current Time in the Kingdom

(June 2019)

Following on from the prophetic insight I was given concerning the current season we are in,<sup>1</sup> a time when Forerunners are leading the vanguard for the restoration of all things, this is an update. More information is being received to cement this time in our understanding and to equip us with the knowledge we need to move forward without deviation. There will be glory rising alongside the rise of darkness, so we must focus on where we are going and make sure we are aligning with Heaven every step of the way. Read on!

*“I have chosen you to partner with Me, and what I do on the earth will not be done without you. I have positioned you where you are and you will conquer the land of your possession. The enemy will be driven out as you advance forward and claim new regions for MY name. For I have called you for such a time as this to arise and shine. My light shall be in you and the darkness around you will not be able to put it out. Be bold and do not fear the enemy, for I Am with you always to not only secure you but empower you to enforce My kingdom on earth as it is in heaven by My Spirit in you.”<sup>2</sup>*

### **Clay Sikes**

(extract from a prophetic article on the 27-6-2019)

**NOTE:** In this article Clay uses the term ‘eco-system’. This is not referring to ‘ecosystem’, an environmentalist’s jargon term. He has coined this term, as he explains, giving it the meaning ‘whole-house system’ i.e. ‘wholistic-system’. This word’s intention is to get us to think outside of ourselves and look to the good of everyone and everything. This is befitting our role as guardians of the Earth for the King.

*“Now is the time for monumental shift and change in the marketplace – the old systems are dying – the civilization of maximum ‘me’ mindsets, maximum material consumption, bigger is better, and special-interest ‘group decision’ has led us into a state of organized irresponsibility, collectively creating results nobody wants. There MUST BE something better. ‘WHY’ do we exist? There must be something better, and God has provided a superior way – The Kingdom.*

*This change is not about exchanging simply one mindset for another, but rather tapping much deeper into God and who and what we really want to be as the body of Christ. It is a future that we can sense, feel, and actualize by shifting the inner place from which we operate, the old wine skin, to something entirely new – The Kingdom. It is a future, in moments of divine thought, begins to PRESENCE itself in us and eventually through us...The whole creation is groaning for us to manifest. The emerging ‘NEW’ was projected by Daniel in Daniel 2:44,45, and John in Revelation 11:15.*

*The shift taking place now is the shift from an ego-system awareness that cares about the well-being of oneself exclusively, to an eco-system awareness that cares about the well-being of all, including oneself. When operating with the ego-system awareness, we are driven by concerns and intentions of our small ego self. When operating with eco-system awareness, we are driven by the concerns of the well-being of the whole – those within the current model, and those who will come later.*

*The prefix of eco – goes back to the Greek word ‘oikos’ and concerns the “whole house”. The word economy can be traced back to the same root. Transforming our current ego-system economy into an emerging eco-system economy means reconnecting economic thinking with its real root, which is the well-*

being of the ‘whole house’ rather than money-making or well-being of just a few of its inhabitants. But while the whole house was for Greeks something very local, today it also concerns the well-being of our global communities and planetary eco-systems. This shift in awareness from ego-system to eco-system is something that we are approaching and living through not only as groups and organizations, but also a global community. The whole creation is groaning for us to appear. Pioneering the principles and personal practices that help us to perform this shift may well be one of the most important undertakings of our time. To be chosen to be part of this is humbling!

In creating building blocks for the future economically, the functions should extend far beyond making money – sustainability in every area should always be the goal; recognizing we are many members but one body. Sustainability goals should always rest on what is best for all of us, as a body. The more people that benefit in what you are doing, the greater the sustainability model. For example, when solar customers see that their investment benefits far more than just themselves, they are far more apt to invest in the future.

Bridging the gap between ego-system reality and eco-system awareness is the main challenge of leadership today. Decision-makers across the institutions of a system have to go on a journey from seeing only their own viewpoint (ego-awareness) to experiencing the system from the perspective of the other players, particularly those who are most marginalized – The goal must be to co-sense, co-conspire, and co-create an emerging future for their system that values the well-being of all rather than just a few.

*THE ONE MAN SHOW IS OVER.* A crippling fact in moving from ego to eco are stout traditions that stakes all decisions on what is best for me, not on what is best for us. To make this journey we must (1) Put others first; (2) Relate better to the whole system of putting others first; (3) Recognize we are shifting systems; to one that pays great dividends in many of life’s arenas. Letting go of the past (methods) is key to letting the new arrive. KEY: The ‘ME FIRST’ pursuit of wealth as a simple measure of worth destroys community, environment, economic, and ultimately, moral value. One who pursues money will never see the Kingdom of God; in fact, those who do are called “pagans” by Jesus.<sup>3</sup>

Once we realize and build a right economic model, one that benefits the most people, one that locates and places people in their highest gifting (insuring their ability to shine), one that promotes proprietorial involvement and participation in company earnings, the more sustainable that company becomes. Interestingly, we begin to see the origins of a living functioning cells as the entity becomes an organism of life, self-sustaining by its very nature. As more called men step forth into this model the covenant of Deuteronomy 8:18 emerges – wealth creation flows and wealth transfer begins. The systems of men are handed over to the saints of the most High God, as Kingdom organisms (A part of the living Body of Christ) replace the organizations of men.<sup>4</sup>

Wealth creation comes by the many-membered body sharing in wealth creation by virtue of their faithfulness to their calling, and commensurate with their leadership contribution. Wealth disparity, so prevalent today, is diminished, the new wine skin is inclusive of others as the whole house is blessed as the organism is blessed.

### **WHAT IS GOD USHERING IN NOW?**

He is building a functioning body, one that actually does something significant in the earth. Beyond the obvious joy of salvation, comes the obvious joy of fulfilling the purpose for which we were made;<sup>5</sup> attending to the works God prepared beforehand for us TO DO. Major to the arena of individual purpose, is today’s significant move of corporate purpose – a functioning body.

What should we look for?

Connections, plain and simple: God has called us to connect. This is not connection for the sake of connection, but rather connecting ‘the parts’ that are ‘called’ to be connected. Connection is the first sign of genuine purpose coming into view. Our ultimate purpose is to be part of a functioning body – doing, being, and talking (witnessing) – AS ONE: One with each other and one with Him.”<sup>6</sup>

## **Ron McGatlin**

(extract from his teaching on the 27-6-2019)

*“The next great move of God on Earth is the awakening to the reality that Spirit is supreme and of far greater importance than the natural realm. It will be a breakthrough of the light and truth that God really is spirit and that man was created in the image and likeness of Spirit God.”<sup>7</sup>*

*Spirit God created and continues to sustain all that is created. All things seen and unseen are created by Spirit God Almighty.<sup>8</sup>*

*Mankind was created a spirit being in a natural or earthly body with both earthly natural senses and spiritual senses. The breath of Spirit God was breathed into the lifeless body of Adam, and man became a living Spirit being.<sup>9</sup>*

*As a Spirit-being in an earthly body, Adam, and subsequently all mankind, was created with the unique ability to fully function in the Spirit realm and in the natural realm. Adam communed with Spirit God face to face in the cool of the day in the Garden of Eden before the fall.<sup>10</sup>*

*Mankind was created with the unique ability to receive from God in Heaven and bring the will of God from the spirit realm into the created natural realm. Man was created to have dominion and bring forth the will and ways of God from Heaven to planet Earth. This is how the Kingdom of God, Kingdom of Heaven is being established on Earth.*

### **THE NEXT GREAT MOVE OF GOD**

*The beginning of the work of Spirit God is awakening mankind to the Spirit dominance as supreme over the natural realm. This opens the way into the fullness of God’s Kingdom reality ruling and reigning in and through the mature Sons of God on Earth as it is in Heaven. It is through the Holy Spirit that Christ Jesus reigns on Earth in and through mankind. It is Christ in us that is the hope, positive expectation, of the glory of the Kingdom of God on Earth.<sup>11</sup>*

*Mankind is now beginning to perceive the predominance of the Spirit realm over the natural or earthly realm. The light of the glory of the Kingdom is beginning to flow from Heaven to Earth in and through the maturing Sons of God.<sup>12</sup>*

### **WHO ARE YOU?**

*Perhaps the most significant personal question one can ask his or her self is, “Who are you?” To attempt to look into one’s self and ask this question may smack of being “beside yourself”, which is an old term for being crazy. Perhaps a more helpful question to ask is, “Who or what does God say that I am?”*

*This is not to become an introspective word but really and enlightening awakening of one of the most important fundamental concepts of our lives as human beings.*

*The Psalmist David asked God, “What is man that you are mindful of him?” David goes on to speak of man having dominance over the works of God’s hands on Earth from a position a little lower than Deity.*

*Psalm 8:3-8: “When I consider Your heavens, the work of Your fingers, the moon and the stars, which You have ordained, what is man that You are mindful of him, and the son of man that You visit him? For You have made him a little lower than “Elohim,” and You have crowned him with glory and honor. You have made him to have dominion over the works of Your hands; You have put all things under his feet, All sheep and oxen— Even the beasts of the field, The birds of the air and the fish of the sea that pass through the paths of the seas.”*

## **THE FALLEN CONDITION OF MAN**

*Most people have individually come to know themselves as a natural human being that is predominantly a living body and soul who has a spirit. In other words, natural man concerns himself primarily with the things of natural life that relate to body and soul needs for natural life.<sup>13</sup>*

*Jesus opened and prepared the way for mankind to be redeemed and returned to who and what God made us to be before the fall of Adam. God made us to be Spirit Beings who abide in a body and have a soul. Redeemed man is a living Spirit Being by the breath of God ruling and reigning on Planet Earth with Christ Jesus the one Head of His corporate Body.<sup>14</sup>*

*Collectively we are the Body of Spirit Christ on Earth. As mankind is fully redeemed, Christ Jesus is fully enthroned as the Head of His Body. The false head of humanism and intellectualism along with its laws of political correctness, man-made religious correctness, and other ungodly philosophies are replaced by the one true Head.<sup>15</sup>*

*The false headship that reigned among men for ages ignored the Spirit life of God and eventually led to evil rule of darkness on Earth. The loving but severe judgments of God will destroy the evil strongholds of the enemy releasing the people who will come under the true headship of King Jesus. Thus the Kingdom of God will rule and reign on Earth as it is in Heaven.”<sup>16</sup>*

### **Bert Farias**

(extract from a prophetic article on the 9-6-2019)

*“The Godhead has been converging the ages for several decades. We are crossing over into a brand-new era. We are moving into an era of both great judgment and great glory, cleansing and consecration, repentance and restoration. It shall be bitter for those serving sin but sweet to those serving righteousness. This convergence has been in the making for nearly several decades but is now fully upon us.*

*This new season will lead the church into a new era where she will more efficiently grasp the end time. Once judgment (judging ourselves), thorough repentance and cleansing run their course, the earth will be overwhelmed by the power and glory that shall be in manifestation through the glorious church. Then the worst shall come, but the true church will be gone.*

*We have no grid for what the Lord will do through a glorious end-time church. The church has never faced and done what she is about to face and do. Many will be surprised. Hell shall be shaken. Multitudes shall awaken. God's majesty and holiness shall be revealed and stun the world in a time of gross darkness.*

*The Lord has been preparing His church for such a time as this, and many will realize that they've not really known Him and will awaken to righteousness...*

*The world is rapidly changing, and the frequency of awe-inspiring and fearful events is fast moving, with all things culminating in the future rule and reign of Christ. The kingdom without end shall be more prominent and recognizable. Its government will increase in visibility, and a heightened function through a very radical remnant. The King will present Himself as He really is, and people shall marvel...*

*The greatest move of God we've ever seen in our lifetimes is upon us. The gross darkness that is upon the people will only make the light of God's kingdom appear brighter...*

*The greatest days of church history are not in our past, but in our present and in our future. Believing this will activate you and move you into it. We are crossing a bridge where all the moves and activity of God from past generations will converge. The Holy Spirit is retro-fitting all past outpourings and various anointings and rolling them all into one and reactivating them for our times.*

*We are entering into the glorious church era, which shall be far different than what the church has been*

*known for today. Jesus will build His ekklesia that will shake the gates of hell. The true church has never been built by man. Christ shall define His true church and expose the hybrid, empty form of showy, superficial Christianity.*

*The Holy Spirit is brooding over His people and moving them into a divine dissatisfaction. There is a hunger among the remnant for His real glory. Hope is rising, and callings are being activated and reactivated and many more will now voice their faith.”<sup>17</sup>*

(genuine Kingdom points from a prophetic article on the 1-6-2019)

- *“I hear people desperately crying out for the end of church as we know it. They can't deny that the Spirit of God is creating a disturbance, a dissatisfaction and a yearning for brand new wine.*
- *Every decision, every service and every message will be branded by the active, rhema revelation of the Spirit of God.*
- *The entire culture of the church will be driven by this critical communication of God.*
- *A governmental body like this will wield great weapons against the spirit of the age and will walk in extremely powerful authority.*
- *The days of predictable, scheduled, ordered church services must come to an end.*
- *Instead of locking in on the growth of their local church, pastors and leaders who are embracing the revelation driven church model will be mostly interested in what God is doing regionally and nationally.*
- *Their energies will be devoted to confronting the national crisis and in standing as a governmental authority.*
- *They will train the people and equip for battle against the deadly, raging spirit of the age that's destroying our nation.*
- *If their local church grows or shrinks numerically, their gaze and their assignment will not change.*
- *When you successfully steward a deeply prophetic culture in the church, God will be talking—a lot. This prophetic data must be rightly responded to.*
- *You will see the body dynamically moving from season to season, assignment to assignment.*
- *Church services are not to be seeker sensitive. The days of focusing on drawing the lost in as a primary goal are coming to an end.*
- *The goal is obedience, impact and responding rightly to the instructions of the Holy Spirit, not numeric growth.*
- *These believers meetings will be white-hot, supernatural and other-worldly.*
- *It's a rare person who will sign up to be part of this new wine, revelation driven church, so small numbers should be expected.*
- *The goal is to go deep and grow spiritually. The challenge of such a church will be rejected by many.*
- *Teaching will be doused by revelation, and the tired Sunday-school lessons of old will finally come to an end.”<sup>18</sup>*

(a prophetic article on the 6-6-2019)

*“In the present day we are beginning to regain a vision of the fullness of our Creator's original plan, which goes well beyond individual salvations. family, enabling each of us to do our part in fulfilling the destiny of mankind. Our personal destinies are linked to it and when we fulfill them we help advance the bigger picture. Simply put, the earth is meant to be a heavenly place. It began when He pronounced the wild, undeveloped world He created as “good” and “very good”. But it was not an end in itself. Rather it was a rich stage upon which human life would rise and prosper. Adam and Eve were getting to know God and their own identity as his spiritual children. When they came to the point of understanding this they would have been sent from the Garden of Eden into the wilderness beyond its gates where they were to be the first of a long line of builders of beautiful, dynamic, lasting civilizations.

The qualities and characteristics of those civilizations were to be the same as those of the Garden, which itself is a picture of heaven manifested into the material dimension of time and space. They include abundant provision, peace, beauty, joy, purpose, and love. In all of this, God the Father would perpetually be at the center as the source of life and of all good things. Mankind would find true joy and rich satisfaction in establishing and building societies of great peace and beauty. The strife and evil we see everywhere on earth today has no place in God’s master plan! Suffice it to say that the world is in dire need of being steered away from our ongoing path of destruction. The coming Third Great Awakening is not only for our restoration as individuals, but for the salvation of the beautiful world God gave us as well. The Church has to lead the way by shifting out of religion to true relationship with God. The fatalism, short-sightedness, and lethargy have to go!”<sup>19</sup>

## OPPOSITIONAL NOTES

### CCOP

(prophetic word received on the 26-6-2019)

“Haven’t you been observing what’s going on around you in this nation and the nations of the Western Civilization? The anarchists have been working for centuries to bring down civilization and bring in chaos. They tried many ways. They tried to destroy civilization in the French Revolution and in the Bolshevik Revolution, but because of my people spread throughout the world, they have not been able to succeed. They made inroads. They built edifices to replace genuine leadership and oversight, to free the people, but those things that they built became an edifice that crushed the people just as much.

Be warned. The enemy is looking to destroy civilization that prospers and that has my blessing. Chaos is his main catch-cry, and this is what he’s doing, but he’s doing it surreptitiously, covertly, so that people don’t know. He tried doing it openly in the past, and my people, many in the west, objected to it and resisted it, and [they]<sup>20</sup> became havens to reproduce freedom. But he is working, your enemy. He is working to bring that chaos to your nation. Anarchy<sup>21</sup> is not just chaos.<sup>22</sup> It doesn’t raise its head as chaos. It appeals to the fallen nature as freedom, as throwing off the shackles that bind people.

You only need to take a look at the women’s movement at the moment, how it was purported to be throwing off the shackles of male oppression, wife-beating and the like. But look at it now. It’s about hating everything masculine. Watch it. It will get worse. Socialism is no different. Socialism, like the Fabian Society<sup>23</sup>, is ‘a wolf in sheep’s clothing’<sup>24</sup>. Socialism is the stealth way that Communism is overtaking and infiltrating the West because it’s failed doing it overtly, and sensible nations in the West saw it for what it was and didn’t give into it. So now, socialism is bringing communism, another form of anarchy, into all the

21 – “Anarchism is an anti-authoritarian political philosophy that rejects hierarchies deemed unjust and advocates their replacement with self-managed, self-governed societies based on voluntary, cooperative institutions... Anarchism’s central disagreement with other ideologies is that it holds the state to be undesirable, unnecessary, and harmful.” [en.wikipedia.org/wiki/Anarchism](http://en.wikipedia.org/wiki/Anarchism)

nations of the West under cover. The people are blind to what is happening.

Now, I told you that anarchy is coming in by stealth. What do you need to do? May I remind you that the most important thing is to align with me as a nation. That means my people need to align with me in their thoughts, their actions, their speech and their progress, so that the nation moves along with me. I warn you, if you remain complacent, if you remain cut off from society, and do not impact society by your very presence and by speaking up for righteousness in the ways that I show you<sup>25</sup>, anarchy will take over.

Australia, you will become subject to a system birthed from anarchy that will bring bondage to you, instead of the liberty that I have for you in the Kingdom. Hear me well and hear me good. It's up to you, my people, to lead the charge against anarchy, against those things that are covertly coming in to destroy. So, speak against those surreptitious things that are presented as beneficial, but the end of which is destruction, because anarchy will take over [if you don't]<sup>26</sup>.

Now, I need to remind you that because the church has taken on the features of society, just as families have, anarchy is sneaking in to both those areas that are precious to me. Anarchy's prime motivation is the removal of all leadership and oversight. The pretence is to bring freedom and liberty, but as you've seen from history, it doesn't. For the Christian church and Christian families to survive, genuine leadership and oversight must be in place: Not only in place, but those who are overseen must honour, esteem and not work against the leaders, the heads of families, the oversight of the ekklesia.

Chaos and fear are tools of the enemy, and so is rebellion against authorized leadership in the church and in the family. Rebellion is a tool of the enemy. See to it that in your heart there is no form of rebellion, even seeds of rebellion, because the anarchy that is coming in by stealth is designed to destroy families, my ekklesia and this nation.

You have been warned. You must stand against this anarchy. To find out more in your own personal situations, you need to consult with me so I can illuminate you to where anarchy is hidden in the ways you think, speak and operate.

My heart is for Australia, but I have set you in charge. Humanity was given dominion over the planet, and those who are 'born from above' and come into my Kingdom have been returned to the place of oversight of nations and Earth.

Rise up and take your place. Resist anarchy in all its forms. Australia is relying on you." <sup>27</sup>

## **Marsha Burns**

Here are a couple of prophetic words from Marsha which emphasise exactly what we are being taught by our King these days in preparation for the difficult times ahead. These are Kingdom principles, about complete trust and rest in him.

*"I know you get in a hurry, but I need you to take your time and be patient. You will get to your due season quickly enough. Remember that there are things to learn and discover on your journey that will be missed if you rush. Relax and take time to enjoy the moment, says the Lord."*

*"Watch for the tendency to take on more than you can effectively handle. You cannot do everything at once. Narrow your focus and just do the next thing. Otherwise you will get scattered and overwhelmed. You can only do one step at a time and one day at a time as you move through what is required of you, says the Lord. Stay calm and maintain internal peace." <sup>28</sup>*

*“I was in a time of worship with others, and I saw radiant light before me, so bright that I couldn't see beyond it. Jesus came and took my hand and told me to trust Him, and I sensed He was leading me through. I was able to share this with the group, with the following words: We may not see what is up ahead, but Jesus is asking us to trust Him. He will lead us and guide us through, and even though we may not be fully aware of where we are going, or what we will be going through, He will lead us and take us through safely. Don't be fearful of the unknown, but trust Him to take you through, and you will be in awe of where you have been, and where He is taking you. Don't limit Him.”*<sup>29</sup>
