

The Lack of Australia's Agricultural Prosperity

(Prophetic message 25-10-2019)

Question: *Lord, while thinking compassionately about the farmers who are struggling in the drought at the moment, we were reminded that your plans are for Australia to become a food bowl, to supply food for other nations. This prosperity doesn't seem to have come about, so what's your mind on your plans for Australian agriculture?*

Message

“This is a complex issue. It's not as simple as it may seem. It's not about planning; it's not about management. It's about me. I have this plan. Father has planned for this to occur for your nation. Your nation has been set aside for this blessing, and it will come about. The timing of it is the issue, not **if** it will happen, but **when**.

Now, I say it's complex not because of the usual agricultural complexities of water and temperature and climate and markets. This is a spiritual matter. That's where the complexity lies, because the spirit interacts with the natural, adding another dimension. Of course, all life on Earth is that sort of interaction between dimensions.

I cannot bring about my plans for your nation until my people align with me. They must realise that I work through them. The more they do their own thing in defiance of me, the longer it takes for my plans to be activated and fulfilled. It is disappointing for you to see farmers struggling and even committing suicide because they can't cope with the drought and with financial burdens. But I lay the fault at the feet of my people. Now, it's not about them being 'good Samaritans' and helping the farmers with finance and physical support. It's about the interaction between the spirit and the physical realms. When they align with me in bulk, not just one or two here and there, but in large numbers, the spiritual atmosphere of this nation will change. Now, this change in the spiritual atmosphere allows my plans, all my plans for this nation, to begin to be brought into operation.

You see, I work through human beings, but I also work through my people. You are my conduit to impact and change the world's systems and the natural order of the world. You are placed in a position of management of the planet, and I will continue to work through you. But while ever you are doing your thing, being about your business, and relegating my business to either Sundays or nothing at all, I cannot work. Sure, I can do some things, but we have chosen to work through you. I know the teaching has not been from your pulpits and in your books that my ultimate goal is the restoration of all things, which I will achieve through my people, but this is the reality. This is the wonderful task that you have before you. But until you wake up to this as your prime functional task in Australia and on this planet, I cannot move forward. I can, bit by bit, but I can't really move forward in the ways and in the dimensions that I want to.

You see, you defy me, either tacitly or actively, when you choose to do what you want to do, when you choose to reject what my Spirit is saying to your spirit. You defy me tacitly (and by that I mean, unknowingly) when you choose to align yourself with the world's system. And by the world's system, you must understand that that's anything that is man-made. Everything that's man-made is the world's system. Anything that's not of my Kingdom is the world's system, because the Kingdom of darkness works through people as well. This is why Paul mentioned that some teachers of his day were teaching doctrines of demons¹, because your enemy throws thoughts and ideas into your minds, and when you assent to those, you are actually operating in doctrines of demons. This may be shocking to you, but it is a plain, simple, spiritual reality.

You are Mine. Your responsibility is to follow me and align with my plans and my will. I am the King, and my will and my word is the law. Because you live in a democracy, you don't understand this, and so you relate to me in a democratic way. But the Kingdom is not a democracy, it's not a republic, it's a regency. It has a King, and it has order, and it has status and levels of positions in the spirit realm, and everyone must be in their right position, operating out of their right status, so that the Kingdom on Earth is in right shape. But it's not.

1 – 1 Timothy 4:1

Can you see now why there is still the problem agriculturally, not only with droughts, but in the fact that what I have released prophetically to you has not come to pass yet. Because your defiance is holding me back, I cannot move forward to release to Australia what I want to release while you work against me. So as I have said many times before, align with me. Your prime focus must be on me and my Kingdom. That is the centrality of your life. Allow me to train you as Sons, to grow, develop, to mature, so I can release you into the work that I have for you. So I can take you into your destinies, not the destinies you've planned, but my destiny for you.

Australia has a wonderful destiny, but you are holding back that destiny. Many people have died in the past and never entered their destiny. Don't allow Australia to languish under the enemy's hand and under the vagaries and the variability of the weather. Set yourself the task of becoming more aligned with me. It's a heart attitude: it's a mind attitude. Change your heart: change your mind. Align with me, all of you, and you'll see wonderful things happen in this nation. It's all up to you."

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia. Since 2017 CCOP has been expanded to function as a network of prophetic voices.
