

# An Encouraging Message for Australia

(Prophetic message 18-11-2019)

**Question:** *Lord, could you give us an encouraging message for Australia? Many of your messages so far have been about correction.<sup>1</sup> I'm sure that people in Australia would like to be encouraged, but, it's your call.*

## Message

“How much more encouraging is it for Australia for my people to learn that when they align with me, the spiritual atmosphere will change and the nation will begin to move further and more strongly into its destiny – that is, our destiny for Australia. At the moment, the destiny of Australia is being manipulated by Left-wing elite – small minorities – because my people are not speaking up. They're not living as though they are not part of the world system. They have absorbed the world's system and align with it, and Australia is paying the penalty.

I have lots of encouragement for Australia. I have told you that Australia will be a sheep nation, a food bowl, a place of refuge, a place where my favour and blessing resides. I mean, how much more encouragement do my people need? I've given them the vision to aim for, so within themselves they should be encouraging their spirit and their soul and their mind to move in that direction.

Of course, in the future, looking back in hindsight, they will regret their slackness – that's my people, I mean. They will realise that the correction I was bringing, the realignment I was bringing, was to direct them into the best that there can be. You know what I'm talking about. That's what it's like raising children. You raised four, and you know that they buck against the molding and shaping when they are young. Once they become parents and responsible for other people and a house, and the like, it dawns on them that they're doing the same, as all good parents do, training their children to be ready for the future, so their future can be embraced with excitement and joy because they're prepared.

So I say to my people, stop being childish. Stop bucking against me, stop resisting. Everything I say, every correction, every realignment, is for your good and the good of the nation. Australia will not enter its destiny while ever my people are doing their own thing. I can't make it any plainer than that. So if you want an encouraging message from me for my people in Australia, tell them when I correct them, it's for their own good and the benefit of their nation. And, that when they do align with me, all the goodness that they want, all the goodness I've promised, will be available to them. I can't state it any more plainly and encouragingly than that.”

CCOP is a company of prophetic people that the Lord established out of a School For Prophets that Robert Misst (NZ) ran in Canberra in 2012-2013. New members are being identified and trained all the time. Our mandate is to rise up to be a genuine Australian prophetic voice to the nation and to our community. Our mode of operation aligns with the restoration of the message from the throne, so that like Jeremiah, we release whatever is on the heart and mind of our King, whether it is appreciated or not by others. As watchmen, we deliver what we receive as we are accountable to do so. Our function is to prophetically speak into the local and national community via prophetic counsel, both as a company and when requested to by community and business leaders outside of the established church. As Elijah-like prophetic people, we have committed ourselves wholeheartedly to our King for him to use us as a force for Kingdom change in Australia. Since 2017 CCOP has been expanded to function as a network of prophetic voices.
