

The Book of Revelation: 8-The King's Word On It

Many who are in the church system use terms from Revelation in their prophetic messages.

BUT, were these symbolic terms actually given to them by the Spirit?

DISCLAIMER

The prophetic items herein are what a number of respected spiritual believers have had revealed to them.

Discern them for yourself.

I have annotated the ones that concur with what has been revealed to me.

Here's a prophetic speaker using
Futuristic Eschatology's interpretation of
Revelation's symbols with authority.

*He is not a speaker I trust at this point
in time, even though many around the
world follow his prophetic messages.*

Putting aside any bias towards a specific eschatology, we must all hear from our King what we need to know about the future.

This is the only source of all accurate knowledge.

For the purpose of our Revelation revaluation:

What has he said about this book
and its symbols?

STATEMENT

**I have never received a prophetic
download from the throne of the
King that confirms Futurist
Eschatology and it's interpretation
of the symbols in Revelation**

STATEMENT

I have never read a trusted prophetic word that's come straight from the throne of the King which confirms Futurist Eschatology and it's interpretation of the symbols in Revelation

BTW, do you remember this?

“The critical thing for you is to discern the messages because it is very easy for a person’s soul and mind to interfere with what I bring. Watch out for those who add too much explanation to my messages. Let my messages stand as they are. Let your spirit discern if the messages are from me or whether they are not from me. Listen to those who get a word and a sense behind the word. Watch out for those where religion ‘leaks’ in and ‘colours’ what I am saying. This is the issue with the revelation I gave John. Religion wants to impose itself on the Kingdom, and religion always wants to alter what I say.”

If it turns out that world events play out and align with the Futurist Eschatology, it doesn't mean that we were wrong in developing our own interpretation of biblical prophecy.

Why?

Because biblical prophecy is irrelevant in the Kingdom on Earth today.

What is relevant is what we are informed of and what is revealed to us right now.

That's because the Kingdom is a **present** thing.

What's relevant is being in a relationship with the Trinity, and working as a team with them to see their plans for planet Earth come to pass.

What the Bible has to say about End Times is irrelevant for us today.

It's only relevant for those who get their information from the Bible, not from Heaven.

Therefore:

From now on, we focus on the King and the Kingdom, and not on end time scenarios or eschatologies.

DESCRIPTION

The High King of Heaven a defence of Amillennial Eschatology. In it I argue that the great end time debate currently roiling evangelical churches can be resolved by spotting and addressing four key underlying issues: 1) The nature and structure of the Kingdom of God; 2) The proper interpretation of OT Kingdom prophecies; 3) The meaning of the millennium of Revelation 20, and; 4) The nature and purpose of the Consummation. I show with the aid of various charts and diagrams that Amillennial Eschatology is, by far, the best option for Christians eager to enjoy all the blessings of our Blessed Hope.
