

# No Regrets, No Looking Back

My son, I love you and desire you to be with me always - by my side, partnering with me, working with me. We are a good team, but with some rough edges. I will polish you so you shine. I will gently knock off the rough edges so you 'roll' along without clunking - smoothly moving into all I have for you.

This is a season of no regrets. You must not look back - only forward to where we are going together. Yes, you will make mistakes and have things in your 'flesh' to regret, but DON'T [regret]. Regret steals the fire I'm placing in you. Others will want to see you full of regret to satisfy their 'flesh' - to see you suffer for what you've caused happen to them. They are jealous of you and where you are going with me. Don't give in to regret. There will be pressure to do so, but that pressure is not from me. Free yourself from all regrets so you can move forward with speed and clarity. Regret is a 'cancer' that will eat away at you - it steals. "Press delete" as you've learnt and move forward.

With forgiveness, I forgive you when you ask. I do forgive. There is much grace and forgiveness in me to cover all your sin and failures. Don't look back and mull over your sin and failure - seek me, ask for forgiveness and move on into the future.

Times are tough, and they'll get tougher, but the tough keep on going. They don't look back. Success is ahead, not behind, so look straight ahead with your eyes on me - on the target (me) who you should be aiming at. Don't aim at your ministry, aim at me. Focus, focus, focus.

You're doing OK at it now, but you must improve. Improvement is needed to cope with what's ahead - tough times require tough people and I'm making you tough. It's a slow process, but we're getting there.

Your ministry will change - change for the better. The plans I have are great and you must remain in me to see those plans fulfilled. I am your Father and I have lovingly set everything in place for you. Walk into what I have prepared for you to connect with it. Right now is a critical time - a time to move forward, strongly. My hand is strong and will not fail you - it will meet all your needs. Yes, you are right to trust me - trust only me. All will fail you, but I will not. The cosmos is in my hand, so the wealth and resources of the universe are at your disposal.

Angels will attend you - angels will assist you. Love them and keep your distance - do not become familiar with my holy warriors. They are here for you, but they are not your 'pals'. Treat them with respect - great respect - and they will work with you and for you. They are looking forward to this time of interaction and are 'champing at the bit' to get involved in your work. Look forward to their company and their presence, but do not take them for granted. Do not overly rely on them as your reliance is on me (in me). This is a warning so you don't falter and misdirect your attention onto them. They are partnering with you, but your ultimate partnering is with me. It's out of love for you I am allowing this - providing you with this connection. Don't mess it up as the consequences and fallout can be devastating for you and your work. Take pleasure in them, but have more pleasure in me. They are a gift, not your right, so don't abuse the privilege.

These warnings are to protect you as you are my son and I want the very best for you and the very best outcomes. I am concerned and so I gently warn you of the consequences.

Enjoy this day. Let's conquer it together.

Dad.
