

Be Aware of Your Vulnerabilities

Most people, I would image, don't work at 'covering' (i.e. protecting) all of their vulnerabilities, so they fail to take measures to compensate for all of them. This leads to disaster when circumstance impact one of their vulnerabilities. Many 'cover' some of them only. For example:

- Life insurance
- Motor vehicle insurance
- Health insurance
- Medication
- Exercise, etc.

These are the ways people compensate for a few of their vulnerabilities for using the world system's methods.

For us, we're to use the King to handle our vulnerabilities (i.e. our areas of weakness). We aren't to use the world's way – although we can if we want to – because the Kingdom functions with Heaven supplying every need. These needs can be physical, financial, spiritual, etc., but it's our King's desire to supply them.

For Heaven to be our total supply, we must rely on (actually, lean into) Heaven's supply. There's no other way that this can happen on a constant basis. The reason I say "constant" is that we can 'pray' for help when we need Heaven to get us out of trouble, but that's not how we're meant to operate. Heaven must be our resource centre and we must not want anything else to resource us – no person, employment, lottery, estate will, etc.

Going back to our vulnerabilities, we need to constantly monitor ourselves and identify weaknesses that the enemy can exploit so he can bring chaos or disaster. We have autonomy as human beings and we need to take full responsibility for ourselves in all areas of our lives. Every area we don't protect is a doorway for the enemy to strike at us. These areas can be either natural or spiritual, so every area needs to be monitored so you can protect yourself in Kingdom ways. Where you are ineffective at protecting your weaknesses and you rely on the Kingdom, the King is able to come to your aid because you are in a position of constant surrender to his ability. No prayer is needed in such instances.

Here's his reminder on this:

*“Check yourself and **be aware of your vulnerabilities both naturally and spiritually**. Look for areas in your life where you can be exploited by the enemy of your soul. Remember that I am your safe haven, and I will give you the awareness you need to strengthen your habitation.”*¹
