

# Some Important Points on Oneness

This prophetic message from Brian Simmons contains some important points from our King about our oneness with him.

*“I want you to be one with me—living in union with me. Allow yourself to be fully consumed with me—spirit, soul, and body. I want you to sense my presence in your spirit, your soul, and your body. I am as close as your next breath.*

*I want every part of you to be free. When your mind is consumed with your problems, you’re not experiencing the fullness of my love. I want you to find true freedom in complete oneness with me. So focus your thoughts and your mind on me. Trust me and completely resign your will to mine. Release your cares into my hands. I want to take your burdens and worries from you. Let me have control, and you will finally experience the freedom and unity in me. Let me give you the peace you long for and desire.”<sup>1</sup>*

Here’s what he want us to know from this message:

1. He want us to focus on oneness with him as it’s his desire
2. Oneness is a union with him
3. We must allow ourselves (permit, work at) to be totally consumed by him in every part of our being
4. True freedom will occur when we are in oneness with him
5. Focussing on our problems (worry, stress, anxiety) prevents his freedom being complete for us as it takes us out of oneness with him
6. The problem is our mind (what we think on)
7. We need to completely trust him by giving him our cares, worries and burdens
8. We need to give over our will to him and let him be in control

That information is not from me, it’s from him.
