

# Taboos, Legalism and Religion have Returned to Our Society

In the 1960s & 70s that generation rebelled against the restrictions of Christianity in Western society. I know, I was a youth at that time. It was 'preached' to the masses by the rebels that we needed freedom from the stifling bondages of religion. Free love, the removal of taboos, rebellion against the establishment and many other activities were advanced and taken up by young and old – except committed Christians. This emancipation, we were told, would free us so we could be ourselves, be true to who we were, without any pretences.

What has happened as a consequence? It precipitated the breakdown of our society so the mess that it's in today can be attributed to our acceptance of the 'Age of Aquarius' message back then. When people cast off restraint, the illegitimate ruler of the Earth is given permission to bring chaos. It happened with the French Revolution, the Bolshevik Revolution, the Communist revolutions in the past 100 years and the Müşîm takeovers of many nations.

Interestingly, today, the so-called draconian Christian stronghold that was torn down from society during the last third of the 20<sup>th</sup> century has been replaced by another system that has been installed by approval of the populace (the people). We now have taboos again – it's called Political Correctness. We now have legalism again – it's called government over-regulation. We now have a religion again – it's called Gaia, under the guise of environmentalism. The clarion call to "do your own thing" which was drummed up to eliminate Christian society norms has now been replaced by new norms, left-wing socialist norms. 'Woe betide' anyone who doesn't 'toe the line' with these new ideas because you'll be vilified on social media and even lose you job.

We were fooled.

But, all is not lost.

The rebellion of the 60s & 70s has paved the way for the replacement of Christianity with the Kingdom of God, which is finally being re-established on the Earth. This mirrors the failure of the enemy to gain victory by killing Jesus. He's played right into Father's hands again.

With the insurrection against Jesus the Messiah, it was the religious leaders of the Jewish nation who the enemy used to do his 'dirty work'. Today, it's leaders of a different type. Driving the insurrection these days it's a camouflaged group of many different entities. It's the elite, those controlling the world's finances, the socialists, the radical environmentalists, the anarchists, secret societies, one-world-government proponents, the feminists, advocates of population control, to name the most prominent ones.

The replacement system of the enemy that's in vogue today is paving the way for the final war between light and dark, the Kingdom of God and the Kingdom of Darkness. We have been told by our King to prepare for this war, so it's time we all 'got real' and started listening to the King's instructions and put a great deal of effort into our training.

The war will be won this time by the King's troops. However, this will be done by remnant battalions of those who are elite soldiers who have completed their training and gone through the tough selection processes.
