

## Be Industrious

Thank you for waiting on me, it shows you are slowing down to my pace. Don't be frenetic, be enthusiastic. Don't be lazy, be industrious. Yes, industrious! Build the things I want you to build rather than being busy. I know you have responsibilities, but these must not take precedence over what I have for you to do.

Take for instance your work with XXXXX<sup>1</sup>. How have you put aside time to talk to him, to educate him, to guide him? I have put him in your hands and I'm relying on you to steer him in the right direction. He has potential to change under my direction (my hand), so don't write him off as untrainable, as you have. See, I've brought him back into your life again after you broke fellowship with him. Now he's at a loose end and he needs a stabilizing influence such as you - which is why I'm using you to reach him. He has to make a decision soon as to whether he will be wholehearted to me or not. I have given him time to turn to me and after that I will release him to his own devices. I don't suffer with men individually, *ad nauseum*. I am confident that you can reach him and turn him around so he's 'seated' in his right mind, following me with his whole heart. Don't give up on him. Teach him and you'll see a mighty change as I touch him on the inside...

See, I have given you his TV as a gift for your attention to him. Use it wisely as he does not appreciate it.

Regarding the Melbourne School Of Prophets - you have made the right choice to follow me so I can lead you and your team to where I want you to go and to be who I want you to be. I have brought you all together and melded you as a team for my purposes. Relax and just flow with me so I can teach you all and train you to move forward in the things of the Spirit. Yes, I will use you all mightily for my name sake, to do the things necessary in these Last Days.

Thanks for working with XXXXX<sup>2</sup>. He needs your support as a friend because his life is lonely because people use him and don't connect with him. Flow with him and see where it takes you - you'll be surprised, pleasantly surprised.

Today is a great day! Use it for me, my brother. I love you and cherish you. Be mine, only mine. Don't have a divided heart - keep it wholly mine.

Love you.

*<continued in part b>*

*(Words in brackets are what I understood in my spirit immediately I was given something to write)*
