

## **The Story of the Samson and The Dream Giver.**

by Peter Dunnet

*Everybody has a dream for their life. You may not have discovered it yet, but it is there in the corner of your heart waiting to be discovered. It was placed there before you were born by..... The Dream Giver'.*

### **Part 3. Samson's Teaching on Love by the Dream Giver.**

The Dream Giver met with Samson regularly at night through dreams and visions. He told Samson early on that understanding of the truth of who I AM is, is the fundamental stepping stone in life. Without understanding the true nature of I AM no progress could be made. His whole destiny hinged upon knowing the truth in his heart of I AM.

#### **(Child Version)**

The Dream Giver said to Samson 'My child, I am going to take you on a wonderful journey so you can get to know who I AM really is. I know it is confusing to say 'I am that I AM'. Just think of me as someone who loves you very, very much. After all, I knew who you were before you were born. I made you to be exactly as I wanted you to be. Not a minor detail of you was left unperfected. As far as I am concerned you are exactly how I wanted you to be and that makes me very happy. You can never do anything to change my love for you. Nothing! You may feel disappointed at times as you grow up about how or if I love you at all. But be reassured, I do not change how I feel for you one iota! I love you from the whiskers on your nose to the tip of your tail. I would love you to stay as you are but I need you to grow into maturity so we can win some battles for my kingdom. I thought that would get your attention. Every child has dreams of being a prince or a princess. After all, I give you those dreams and desires. Now I want you to use your imagination in what I say next. I AM is in all of creation. That is everything you see. I AM in you. I AM in every living creature. I AM in fact in everything. There is nothing in the whole universe that I AM is not in! The sad thing is that all and every particle of the universe knows this to be true and knows I AM is love except for mankind. If you stay as a child in your understanding of me you cannot go wrong. It is only when adults grow up and are influenced by the world ...that is where the problem starts. But if you truly come to know my son, he will show you I AM. Then you will know that I AM is love. Love that is totally unconditional is who I AM. I hope this helps... your Dad.

#### **(Adult version)**

The Dream Giver said to Samson 'I am going to take you on the wildest of extreme journeys to discover who I AM really is. The 5 oracles of My heart that you have begun to experience are just the first baby steps on this great never ending adventure where you will explore deeper places within I AM. I am manifold, multi-everything; with no boundaries in dimensional time or space. I am that I AM, and all that exists is but the smallest string and fractal within Me. I AM is at rest within all things; and all things will come to be at rest within I AM. That is the inevitable conclusion of I am that I AM. All things live, move and exist within I AM; and therefore all things will be restored to the limitlessness of My loving desire. The restoration of all things is the nature of who I am, not something that I do.'

'Son, the challenge for most sea lions and other sea creatures of my creation is to understand the limitlessness of everything connected to Me; so they have put

restrictions on Me, like where their next meal comes from. I am that I AM is limitless and cannot be restricted by the mere thoughts and ideas of your theology and doctrine. My love is limitless and cannot be diminished. I am that I AM as creator cannot be defined by the created creatures and will always be beyond, beyond, beyond their inability to grasp.' Samson did indeed have trouble grasping all of that but he was determined to be a true Son of the Dream Giver.

The next time they met, the Dream Giver explained to him how unconditional, loving relationship was what the essence of who I AM is. Samson understood this as he noticed it was not exactly the same as when his mum got out of sorts because he came home late for dinner or his dad got home late from the club. The Dream Giver went on to say 'Restoration is the ministry of love that incorporates redemption, reconciliation and restoration without limitations, barriers or boundaries. No one escapes love as everything and everyone can only exist within Me – and I am love. Love can be resisted; but the illusion of separation and exclusion perpetuated by sea lion religion cannot overcome love. Nothing can overcome Me, as love has won, love wins and love will win. I am love and I AM cannot be resisted forever as I do not give up or fail, no more than I AM can cease to be I AM. Love conquers all because love has already overcome the greatest enemy: that is death, which has no lasting sting. Love won before the foundation of creation and you, and love won in time and space; and love is the continual, eternal now constant.' Samson's brain was fast becoming over loaded but his heart was just exploding with joy. The Dream Giver smiled at his young son. 'This is good' he said to Samson ' we will have a break for a while till you absorb what I have imparted to you.'

It was sometime later before Samson had another dream, but it was as real the last one. You see, Samson was now used to recognising the Dream Giver's voice. It had become second nature to him. This time Samson was taken up and back in time where he was shown how the sea creatures of the world had moved away from the Dream Giver's original plan of intimacy and face to face innocence with him. He went on to explain 'There cannot be the new grace until the old grace has ended and the old grace will fight to remain... be rest assured. Beware, because you will have to deal with this entrenched problem in the establishment. There will be death knells amongst the birth pangs. The signs of the end of the old will be the signs of the greater grace of the new: it is always confusing and messy. Don't get caught up in the end of the old but focus on establishing the new; and **live loved** at all times, so that you can truly **love living**, and by choice, in the face of opposition, **live loving**.' That sounded a really 'cool' phrase to Samson and he repeated it over and over to himself. The Dream Giver sure had a good way of expressing things.'

He went on 'Son, enter rest and focus living in love, joy and peace. Develop this state in every circumstance and situation by practising how to **live loved**, no matter what appears to be going on around you. Practise how to **live loving**, and look for things to be thankful for. Always seek first kingdom opportunities to be fruitful and increase, by subduing and ruling over the circumstances in every situation by administering peace from peace. Live with a positive 'can do' attitude and an expectancy that sees the potential in every circumstance and situation. Practise **living loving** by choosing to forgive and release in every situation and circumstance; and love will win and overcome. Learn to choose the reality that best aligns with My heart in every situation and circumstance and let nothing else be a possibility to distract you from rest. Do not major on the minor things of life that have no eternal consequence; always be looking from the perspective that is from above. Do not let

circumstances deflect you from living in **rest**. Some things that can affect you emotionally have no eternal, heavenly importance. Rest is living from heaven on the earth and manifesting heaven on the earth in every situation and circumstance.'

'I never change: I am the same; and My desire and intention has never changed and can never change as I AM. I am faithful and true. I am trustworthy and dependable. You know you can always rely on Me and rely on the fact that My love will never fail nor ever give up. I AM is love through and through and We can never be anything other than love. Unconditional love is the very essence of I AM and Our nature, character, precepts, statutes and laws. All are completely motivated by love.'

'Son, you are to be as I am: let the Oracles of My heart as love be the motivation for all that you are destined to be and do. Love is the consistent constant within the whole of the created order that makes restoration not just possible, but inevitable. Son, I am not **coming**, I am is **present** within all My children. Do not be deceived by any agenda, doctrine, teaching or theology that puts what is present into the future. I came physically and I came spiritually and I am present in all –but I am visible mostly in those who know Me and know love by personal experience as the light that is rising and shining to reveal the true nature of who I am. In reality there is no second coming, or first coming for that matter, as I am has always been present in manifold ways, even before the beginning as you know it. I AM, therefore I am present and never coming, and all exists within I AM. All live, move and have their being within I AM and I AM is omnipresent and therefor I AM is present within all things.'

'I am that I am; and I am is not distant and detached but present and imminent as Immanuel: with you and in you. As all are included and alive in Jesus, My Son, then all are already one family; and all are destined to be restored. One world government, My kingdom, composed of all My children: that is the goal of restoration; but it has been made into an agenda to be feared and opposed, as if it is the enemy's idea. One family, one kingdom, one nation, one people, one land mass, one tree, one river, one universe, one dimension, with no separation or division is the true goal of restoration: that is peace.'

'Harmony, unity, unison, oneness, peace will truly be the answer to creation's groaning because it is in bondage to the corruption that is division, strife and enmity. Samson, focus on these things and all will be well.' Samson repeated those wonderful words before he woke up.' **Live loved, Love living, Live loving, Rest'**
