

We're Definitely in a New Kingdom Era

Twice our King has said a new era of the Kingdom has begun, so that's undeniable. In November 2018¹ he told me in a prophetic message for Australia that we're in a new era of the Kingdom.² Now in Lana Vawser's book, 'I hear the Lord say "new era"'³, she recounts how she was also advised of the same thing back in 2017.

What follows below is a little bit of an insight into this New Era from the Introduction to her book.

In 2017, she had a dream where she heard the Lord say loudly, "Lana, it's not the end of a season, it's the end of an era"⁴. At this she woke up and sensed very strongly that the Body of Christ was about to enter into a time that would be unlike any other that believers had been in before. So, she sat in the King's presence and sought his heart on the matter. She sensed in her spirit that this would be a time of the greatest ever shift for believers. Also, a time of knowing him and his heart in a way that had never been experienced before. She fully realised we were entering into a completely new era, not just an improvement of the old Church Era.

It suddenly dawned on her why the Lord had repeated to her on many occasions, "Everything is about to change"⁵. Everything's going to change in this New Era – it's going to be a total upgrade. There'll be new rules and unique supernatural strategies. We'll be totally dependent on being led by his voice, so he can guide and direct us. We'll be invited into a realm of receiving heavenly wisdom and walking in it in a much deeper way. The Lord also whispered to her, "Lana, this is uncharted territory! My people have not been this way before"⁶.

Now, in 2021, a few years later on 'down the track', we've already entered into this New Era of the Kingdom. It's a time unlike any other, a time when everything will be changing. A time when 'the hand of the Lord' will be moving, shifting and building in unprecedented ways. During this time he will be inviting us to go deeper in our friendship with him and to better understand his ways.

She expressed more about how her book helps us uncover this New Era:

*"My heart for you in this book is simply this – that you would see Jesus. That you would encounter his heart. That you would fall more in love with him than you ever have. That you would hear his voice. That his spirit would lead you in preparation and navigation of this new era and you would be awakened to your authority and identity in him in ways you never imagined. That your hunger to know him and his word would increase so dramatically that it would lead you deeper into the place of radical abandonment and surrender to him. That you would know his ways and follow him in wholehearted obedience. That you would walk in your destiny, follow him in the uncharted territories, and receive the greatest deliverance of your life from the things that have worked so hard to keep you from all he has for you. That you would take your seat in Christ through revelation of his word⁷ and encounter his heart in unprecedented ways. That at the end of the day your greatest testimony would be: "I am a friend of God"."*⁸

Interestingly, at the time I received the message of the New Era in 2018 there was no thought of such a thing, nor was there any teaching about it. “We’re in the church age and that won’t end until Jesus returns”, was the theology among believers at this time. (Most likely it is the same right now.) It was like 'New Era' was erroneous teaching of some cult or it was New Age doctrine (viz. The Age of Aquarius which was supposed to have begun in 2012)⁹ that I had been deceived by. But slowly the message of the New Era began to trickle out through prophetic messages and prophetic teaching. These references are included in my monthly prophetic articles, "More on the Current Time in the Kingdom"¹⁰.

So, we’re definitely in a New Era of the Kingdom. There’s enough confirmation now not to reject the idea of it. That means, many things are about to change and many new things will manifest for us.

The King has repeatedly said, “It’s a new era”, I believe him, so that settles it.
