

Cuddle Up & Be Refreshed

(The following is a transcript from my audio prophetic journal)

Son, today is a good day. A good day to cuddle up to me and allow the dew to refresh you. The dew from my presence, like the dew on the grass, on the freshly germinated cereal crops. Allow it to bring refreshing. This refreshing is for you, not for others. This is my personal gift to you. I give things to others, but this is my gift to you today. Receive it with thanks. Receive it with expectation. Don't go about your business like a busy bee and not receive it - the dew of the morning, the refreshing.

Thank you for coming each day as you do. It reinforces our relationship. It continues to cement us together. It is essential. Look to this as a time of establishment. It's great for you and it's great for me, because I enjoy being with you. We don't spend a lot of time together interfacing, so I enjoy this time.

Go my son into the day. Achieve for me the purposes I placed you on this planet for. Yes, it is difficult, but not insurmountable. It's dangerous and even disastrous from the natural way of thinking. But it's my Kingdom, and you're mine. Go today and know that I am with you. Your healing is coming.

Press forward. Don't look back. Be encouraged, my son.
