

Preparing To Impact The World

We know that our job as sons is to represent the Trinity on Earth so their plans for creation are achieved through our partnership with them. We also know that we're responsible to impact the lives of people so they want to join Father's family. Our local community, of course, is where we've been shown we are to focus on this activity.

Recently we've come to know that Father is setting up his community-based, relational, New Ekklesia to replace the church system which has been in religion for 2 millennia. Along with these are his Embassies of Heaven which will have like-minded sons operating to affect the plans of the government of Heaven. On this point, Mike Parsons writes:

"What I do in heaven must either change me, or how I am living, or change my community or nation. It must be achieving something. If we are going to establish government in a foundational way for ekklesias or embassies of heaven, then they have to be on earth. There is no point in having an embassy of heaven in heaven. Heaven does not need an embassy for itself in heaven, it needs to be represented on earth."

With all this in mind, we need to be preparing ourselves for the work that's ahead of us. It's a mammoth task which requires much training and reprogramming so we can be effective. Reprogramming will include the replacement of church knowledge with Kingdom knowledge and the concept of church revival replaced by global transformation. We'll also need to have the proper attitude to an end-of-age harvest of people for the Kingdom.¹ On that point, Mike Parsons writes:

Who will do that? We cannot all sit around awaiting for someone else, supposedly more qualified, to step up. As I have said before, God would rather have an amateur in the new than a professional in the old. The professionals in the old have so much junk they will need to get rid of before they could possibly hope to lay a foundation in the new! So what He is looking for is willing people to say 'Here am I, send me!' We have to be willing to say 'yes' to establishing things on earth, otherwise we will not have any storehouses for the harvest. In fact, the harvest will only come if we do. We cannot afford to wait another 30 years for the next generation to come along.

*That is what happened last time. In 1975, Bob Jones brought a word about preparing for a billion-fold harvest but 40 years later we had nothing to show for it. Now a new generation is arising, the Joshua generation. Those of the Moses generation who will not cross over and engage something new (and worse, who even discourage others from doing so) will die out in the wilderness. It is already happening. We will start to see a big change take place as these things start to unfold, when we start legislating for the light to shine and for people to see the truth."*²

We need to get ready – everyone of us. We're all part of the Kingdom team that will take it further down the track to complete re-installation. That means being totally reprogrammed over as short a period of time as possible. It means assenting to (agreeing with) the End Time Harvest, The Restoration of All Things and The Manifestation of the Sons of God. Once assenting, we need to find out what it is we need to know at this stage of this New Era³ of the Kingdom and allow ourselves to be trained to the level we need training.

Remember, a critical role in our preparation is to make ourselves available to disciple, mentor and father/mother those who come into the Kingdom through our work, so they don't waste time in religion.

Laurence
