

# Don't Ignore Subliminal Programming

A lot of Christians are objecting to the COVID vaccine because they're convinced that the Elite are using them to control the public, and, they're using nano technology 'to boot'. Do you realise that's fear they're working out of, and fear has no place in the Kingdom?

It's true, we must be wise about what's going on around us, but it's Heaven that should be giving us direction as to what is unrighteous for us and what we should reject. That's Kingdom 101.

It's also true, that if we think something's unrighteous, then we should fully investigate it. If it is, then we must issue warnings to others by exposing it whenever we can, but in appropriate ways. That should be done soberly, trusting Father to be in charge and rejecting any fear that may materialise.

**WARNING:** Don't give your heart to exposing whatever you believe is unrighteous. Guard your heart. Keep it for Father and our Beloved. (*Read this.*<sup>1</sup>)

**WARNING:** Just because you believe something is unrighteous, doesn't mean it is, or, that it's worth exposing in a big way. You may be wrong. I've been wrong many, many times in the past about what I considered to be the truth.

The critical thing is this: **We've been subliminally programmed for years without our knowing about it.**

**Subliminal** programming happens via a **subliminal** stimulus ('stimuli', plural). **Subliminal** stimuli means a stimulus that's "below threshold" and is the opposite of **supraliminal** stimuli ("above threshold"). **Supraliminal** stimuli are the ones we're used to in life. For example: touch, smell, taste, hearing and seeing.

**Subliminal** stimuli are "any sensory stimuli below an individual's threshold for conscious perception. A 2012 review of Functional Magnetic Resonance Imaging (fMRI) studies showed that subliminal stimuli activate specific regions of the brain despite participants being unaware. Visual stimuli may be quickly flashed before an individual can process them, or flashed and then masked, to interrupt processing. Audio stimuli may be played below audible volumes or masked by other stimuli."<sup>2</sup>

The first I heard of subliminal programming was in the 1970s with "backmasking"<sup>3</sup>, the hidden messages in music.<sup>4</sup> Christians were advised at that time not to listen to pop music of any kind, but especially hard rock music.

In the 1980s, I heard of motivational speakers advising their followers to play recorded messages of their teaching under the pillow during the night while they slept. They said it "seeps" into the mind, even though the person is asleep, because they are unconsciously listening.<sup>5</sup> This method was based on the REBT (Rational Emotive Behaviour Therapy)<sup>6</sup> psychotherapeutic technique which was developed by the American psychotherapist and psychologist Albert Ellis in the mid-1950s.

Later on it became apparent that subliminal messages were being sent through TV programs to reprogram viewers in ways that caused them to change their acceptance of certain issues, especially sex and drugs. Check out these instances of subliminal messaging in Western society since 1978.<sup>7</sup>

7 – "Instances Of Subliminal Messaging" [en.wikipedia.org/wiki/Instances\\_of\\_subliminal\\_messages](https://en.wikipedia.org/wiki/Instances_of_subliminal_messages)

Today I'm aware that the news media is reprogramming us unconsciously with Leftist ideology on a constant basis, 'day-in & day-out'. You should be aware of this too. Donald Trump called it "fake news".

This is a form of subliminal programming because the messages are subtle and never-ending, and it's done covertly so we don't 'twig' to it. The news items aren't always created to try to convince us of any particular facet of Left ideology, they just present their slant as fact all the time. That's how the Theory of Evolution has been so successful over my lifetime.<sup>8</sup> After a while the populace changes their thinking to the way the media writers want them to, without consciously doing so. That's what produced the "Yes" vote in the Same Sex Marriage plebiscite we had in Australia in 2016. Prior to that, at the end of the 20<sup>th</sup> century, it would have been "No".<sup>9</sup> The media in all its forms had done its job on us.

The 2011 social documentary "Programming the Nation?"<sup>10</sup> by Jeff Warrick investigated the history, research, implementation, and potential effects of subliminal programming by the American mass-media. It included interviews with Noam Chomsky and numerous other authors and experts in the field of advertising, psychology, music, film, politics, and military weaponry.<sup>11</sup> Kevin Thomas of the Los Angeles Times reviewed the documentary and noted that "Warrick is...rightly concerned by the power of media conglomerates to manipulate the news".<sup>12</sup> (*Watch it on Youtube.*<sup>13</sup>)

Even TV ads are designed to subliminally program us, in the same way the media does it. We hear and see the ads so many times that it sticks in our subconscious, even though we may have rejected it with our conscious mind. In "Programming the Nation?", Noam Chomsky asserts that "The purpose of the ad is to delude and deceive you with imagery...[The public] will be uninformed and make an irrational choice. That's what businessmen spend hundreds and millions of dollars a year on...what they want is coercion and control."<sup>14</sup>

Watching the first episode of 2021s new series 'RFDS'<sup>15</sup> (The Royal Flying Doctor Service) on TV last night, what did I notice? A drag queen and in-your-face adultery. When I watched series 1 of the 2015 TV show 'The Halcyon'<sup>16</sup>, about a upper class hotel in London in WWII, there was adultery and homosexuality. Although these activities are justified as "currently acceptable to Australian society", they are designed to continue our desensitization towards these unrighteous habits, so they become accepted and additional moral changes can then be forced on us with greater ease.

All those are examples of brain washing. Australia's people are being reprogrammed to think differently to the way they have, all for the purposes of controlling the masses.

Schools and universities are the 'hot bed' of where societal reprogramming is effectively going on. There, they're manipulating the minds of future generations, which is easier than trying to change adults who are set in their thinking. The teaching techniques used by activist teachers are similar to those used by the communists to indoctrinate the populace in the countries they control. (*Read about it here.*<sup>17</sup>)

With all that in mind, is COVID vaccine the really **big** issue it's been made out to be? Actually, it's just one of the many prongs the Elite are using to subvert democracy and bring in their new world order.<sup>18</sup>

What are you doing about this reprogramming?

Have you stopped watching the Left wing news and reading Left wing newspapers?

Have you stopped watching TV altogether?

Have you turned off the sound on the TV during the ad breaks and done something else?

Are you choosy about what movies you watch? Really choosy?

Are you choosy about what TV programs you watch?

Or, have you been 'dumbed down' so you can't tell?

Even documentaries are used to reprogram us. For instance, are you aware that all the David Attenborough TV documentaries 'hammer' the dogma that Evolution is a fact, not an unprovable theory? Historical and biological information is always presented in his shows as evolutionary fact. This is evolutionary indoctrination at the subconscious level. Think I'm overdoing it? Did you know that in 2011, David Attenborough was one of 30 prominent UK evolutionists who asked the British government to censor the teaching of creation in Britain's publicly funded schools?<sup>19</sup>

On top of all the subliminal attacks I've covered, there's also supraliminal ones. These include PC (Political Correctness), overturning the rule of law and socialism, plus Cancel Culture, with it's rewriting of history, pulling down of historic statues and the removal of all taboos.

So, I leave you to make up your mind on what's really important to oppose and what you educate others about so they're protected.

Laurence
