

Drinking of the Living Water Each Day is Vital

**** The purpose of this article is to document what we've prophetically received ****

Holy Spirit advised us in 2013 of the need to drink of the Living Water through a vision about this current era of the Kingdom that Rick Joyner received and recorded in 'The Path'¹. He was shown that to drink of the Living Water every day is essential for our spiritual life and stability.

Here's some of the information that was given to him about it:

*"You must also have the living water. You must never let it out of your sight again. You must drink from it as soon as you begin to thirst. Even drink when you are not thirsty when you can. It will keep you alive. Staying close to it will help keep you on the path."*²

*"It is those who are dying daily that are the most alive. This living water is the sweetest to them and the most powerful. Death is the path to true life, and dying to self is how we stay on the path of life."*³

"You must always stay close to the living waters, and they are always flowing, but here they are not on the surface. As you go into higher places like this you will often have to dig for the living water. The higher you go the deeper you may have to dig for them, but they will be near you. They will always be close to the path you are to walk," he added."⁴

*"One other thing about your relationship to these younger ones—I can see that just talking about this is awakening you. That's the living waters flowing in your heart. These living waters can only come out of our innermost being, our deepest heart desire. Our deepest heart desire touches what we were created for. When you touch that purpose, you open a well of living water in your heart. We're following the living water here because it will lead us to the mountain. Follow the living water that flows from your heart the same way."*⁵

NOTE 1: The "path" is the journey we are on to become the New Jerusalem,⁶ a spiritual people who are the living stones of it.⁷

NOTE 2: As our journey gets harder we'll have to "dig" for the Living Water. This is an injunction to press through any blockages on the journey so we can drink, rather than allowing the blockages to stop this vital activity.

A further release about Living Water was received in 2021:

*"Come and drink from the water of life so that you may be refreshed and renewed. The water of life speaks of the work of My Spirit in you. But you must deliberately come and partake of the spiritual cleansing and regeneration. Come!"*⁸

I've been practising drinking of the Living Water every morning ever since I read "The Path". It has made an amazing difference to my mornings and to my entire days. It refreshes me, stabilizes me and focuses me for the day, and much more.⁹

I discovered during the years I've been drinking every day that it's a spiritual reality, not a theological concept or a biblical allegory. The difficulty arises because Jesus only referred to this Living Water¹⁰ in one instance, and there's no more explanation about it in the NT. For me in the past, the Living Water was just something nice Jesus said to the woman at the well in Samaria, it was never a spiritual reality. Not any more. It's now extremely vital for my daily life as a forerunner training to be a mature son and at the same time learning about my kingship. These developments irritate the enemy, so my daily life would be quite unsettled without drinking every morning.

I've also learnt that drinking of the Living Water is actually drawing from Jesus' life inside me. That's the reality of what he meant by the expression.

It's also what Living Bread¹¹ is, and what it means when Jesus said "drink my blood"^{12, 13}. Our spiritual life is really all about allowing him live his life in us and through us. That's something everyone will have to discover and experience for themselves.
