

A Sound Attitude for the New Year

For those who have made a spiritual New Year's resolution, check out what Father has to say as to the resolution he'd prefer you to have made:

“Your inclination for the new year is to make great, sweeping changes, but that will not be in your best interest. There are things that need to be adjusted in what you do, so make the adjustments in small increments instead of 'throwing out the baby with the bath water'. Keep your focus on me, and fine tune your spiritual ear to hear and heed my leading,” says the Lord.”¹

Notice how the content of that instruction marries closely to what he's been saying to us for the past few years.

Obviously, then, what he's saying to us about the way we're to function is CRITICAL, both for ourselves and for the expansion of the Kingdom on Earth.

Time to align with him and the way he wants us to operate.
