

An Analysis of Church Practices and Their Spiritual Benefits

(Using Cause-&-Effect Analyses)

PART 11: Tongues

This investigation using logic and the Spirit is designed to analyze religious practices promoted by the church system which are said to have 'proven' spiritual benefits, but which are misdirections as far as the Kingdom is concerned. Any logic used is cause-&-effect analyses, not human reasoning. To understand my logic, make sure you read the 'Introduction' to this series first ([HERE](#)), before reading this article.

PROPOSITION #11a: *I propose that believing that speaking in tongues is the pinnacle of one's spirituality is false and misdirected.*

PROPOSITION #11b: *I further propose that speaking in tongues is misunderstood and underused.*

The experience and use of tongues among the first believers, from Pentecost¹ to the fall of Jerusalem, is the right place to examine this topic, as the Christian religion hadn't taken over then. The believers at that time were 'fresh', Spirit-filled followers of 'The Way'², with the Apostles, plus Paul, overseeing their spirituality.

In the historical context of their time, 'tongues' was expressed a number of different ways in their correspondence, which has been stored in the NT. Depending on the Bible translation, these expressions include:

- "Tongues"³
- "Speak/spoke in/with tongues"⁴
- "Speaking in other tongues"⁵
- "Varieties of tongues"⁶
- "Tongues of men and angels"⁷
- "Praying in the Spirit"⁸

In the 1st century, the proof manifestation that believers were genuinely born of the Spirit⁹ was that they spoke in tongues and prophesied.¹⁰ This was undeniable evidence that they had received the Holy Spirit in fullness.¹¹ It appears then, that there was no other evidentiary proof outside of the manifestation of the Spirit himself. That's the most important point that we need to note about tongues – it should be natural

3 – 1 Corinthians 12:10, 28; 13:8; 14:12

for those who accept the lordship of King Jesus that they speak in tongues.¹² This is not a mandate or a regulation, it should just happen spontaneously that way today, when they are freed from the bondages they have been under.

There are a number of other areas where tongues were involved in the first believer's lives and in the teaching that the Apostles gave them. These are:

1. Tongues are gift of the Spirit¹³, one of many which are for the benefit of everyone who hears what's spoken.¹⁴ The gifting component is obvious when it is considered that tongues are given to new believers who haven't had any schooling from the Spirit.
2. Tongues require interpretation.¹⁵ As the message given by the Spirit is predominantly in an unknown tongue, it needs to be interpreted for it to have any spiritual use in edifying the hearers.
3. Tongues can produce messages that are in the language of the hearers, even though the speaker has no idea what they are saying. This was the case at Pentecost.¹⁶
4. Tongues are for unbelievers, while prophecy is for believers.¹⁷ That's because the Spirit can speak to believers in their own language, so there's no need for tongues.
5. Tongues are not for unbelievers **if** they can't understand what's being said.¹⁸ In this case it needs to be interpreted.¹⁹
6. Tongues spoken in a meeting of the *ekklesia* is useless, unless it's interpreted. That's why prophecy is the best in that situation.²⁰

A number of issues with tongues were addressed by the Apostles with the first generation of believers.

1. Tongues should not be forbidden, even though prophecy is superior.²¹
2. Not everyone has the gift of speaking in tongues, so it shouldn't be compulsory in a meeting.²²

Like all other gifts, tongues will cease.²³ That will occur when we are fully mature,²⁴ or in the next Age. The verse referencing this fact should not be used to justify the idea that tongues have already ceased. We know that's not the case because many believers around the world speak in tongues on a regular basis.

Tongues cannot be seen as the pinnacle of spirituality if all gifts will cease when we are mature and no longer need them to support us.²⁵ Maturity is the aim for sons, not an action or ability or a gift to possess. Father wants us to grow and mature so we become like Jesus of Nazareth (The Son), which is what we all should be aiming for. That maturity refers to everything about him, including his relationship with Father, the way he operated, what he knew, and what he was able to achieve in the spiritual and natural.

The fact that not everyone has the gift of tongues²⁶ doesn't mean that premise can be used to justify a person or a group not speaking in tongues at all, in any of the variety of its uses.

25 – “Until” in Ephesians 4:13 (Ephesians 4:10-14)

26 – 1 Corinthians 12:30

At Pentecost the believers “began to speak with other tongues, as the Spirit gave them utterance”.²⁷ This is an important aspect of tongues today – the Spirit provides the words to speak, not the person. Even though the words are unintelligible to the person, they don’t invent what they say, speaking gibberish. No. The Spirit gives the person speech in a foreign tongue, it’s not contrived.

In relation to the Spirit-source for tongues, one very interesting use of tongues comes from Paul’s statement that he spoke in tongues more than all the other believers (“you all”).²⁸ Was this because he was able to speak to people from a different race in their own language? Could be, but we don’t know. It’s more likely that he prayed²⁹ in the Spirit³⁰ on a regular basis as part of his spiritual life. This would seem to be a critical point, because praying in the Spirit (praying in tongues) allows the Spirit to give us what to communicate to the Trinity, rather than us deciding what we should say in our own language.³¹ This is important as it’s not our voice or our understanding that matters when we communicate with the Trinity, it’s the communication from our spirit to them that occurs at the same time that really matters.

CONCLUSION #1

From what we have obtained from biblical records:

- Tongues was an integral part of the spiritual life of mid-1st century believers.
- It was practised by the Apostles and taught about in their correspondence to the dispersed *ekklesias*.
- It is a gift from the Spirit to believers, including the proof of being filled with the Spirit at ‘conversion’³² when they acknowledged and submitted to the King.
- It is not the pinnacle of spirituality in relation to being conformed to the likeness of Jesus,³³ as the pinnacle is spiritual maturity in sonship.
- Tongues has important uses in reaching people who speak a different language than the speaker. In this case, they receive messages from the Spirit which they can understand.
- Praying in the Spirit is beneficial and a method of spiritual communication.
- Praying in the Spirit circumvents any corruption in our communication from our mind, soul and heart attitudes when we converse with the Trinity.

Even though there were no doctrines written by Paul about tongues, it’s obvious from the emphasis and importance that Paul places on speaking in tongues that we mustn’t minimize it today. It served an important purpose at that time, so we should expect it to be important for us in the 21st century.

That’s all we have on tongues. It’s not a lot and what we do have recorded by the first believers has caused a lot of controversy. Tongues has become controversial because there are diverse teachings and doctrines on it, which should not be.

NOTE: There’s no indication that tongues ceased with the end of the Apostolic era, only the reality that religion took over and being Spirit-filled died out through lack of submission to the Spirit. For example, the first Wesleyans³⁴ and Boothians³⁵ were ‘holy-rollers’ and ‘tongue-talkers’, as the Moravians possibly were.³⁶

27 – Acts 2:4

28 – 1 Corinthians 14:18

29 – IMPORTANT: Prayer is our communication with the Trinity. It must be seen as that, or else, it’s a religious activity.

IMPORTANT: One point that needs to be made here is about the balance between the automatic, contrived and Spirit-led use of tongues. Initially, tongues is received automatically, therefore, the receiver has no control over it. Later on, as they mature spiritually, and from the regular daily use of tongues, it becomes a spiritual partnership with the Spirit as he guides the use of the gift.

“Misunderstanding what role the speaker has in tongue-speaking has hindered some people from ever confirming the reception of the Holy Spirit through tongues. Many assume that the person receiving is completely passive and that the Holy Spirit takes an inert or completely still tongue and makes it or forces it to utter speech. In other words, the Holy Spirit does it all and the human being is simply His robot. Actually, though, the person manifesting the baptism with the Holy Spirit is very actively participating in the experience of speaking in tongues. Simply, man does the speaking while the Holy Spirit furnishes the words.”³⁷

There is, however, a contrivance element where the user speaks in tongues (usually in prayer) because they want to. This often occurs when a person wants a spiritual ‘high’ or to force something to happen. In this case they pray in tongues all day, but it’s just babble with no spiritual function involved at all. The reason for this ineffective use of tongues is that the language is just a repetitive mantra used for the wrong reason and in the wrong way. What’s missing is the language that’s been supplied by the Spirit, and which has been fine-tuned by the user with regular use. Tongues is a Spirit-initiated language and must have its origin from the Spirit, otherwise it’s the same as ‘dead works’.

It’s true that a person may start praying in tongues as a self-initiated activity, which over time becomes Spirit-led. This occurs outside of the Baptism in the Holy Spirit³⁸ because they’ve surrendered themselves to the King to be used as he desires. Their surrender of everything, especially their tongue (speech) in this case, allows the Spirit to release them into tongues because they’ve submitted to him.

While we are still under the New Covenant (NC), we need to come to grips with tongues. The right place to go to find out about the use of tongues must be what we have discovered in recent times through spiritual interaction, as well as what the Trinity has told us about its use. After all, spiritual experience³⁹ (AKA, our testimony) and Trinitarian instruction are the keys to living, learning and growing in the Kingdom.

In this New Era of the Kingdom, it’s valuable to hear of the experiences of tongues from those who are walking in alignment with the King. It’s also important to hear what the King has to say to us today about tongues, after all, he’s the one who is meant to provide our teaching via the Spirit⁴⁰ and who we are to agree with.

Here’s a quote from Ron Horner from what he has learnt about tongues from angels and from engaging with Heaven:

“One of the best ways we can assist our angels in their work for us is to pray in the spirit. Paul gave hints to the power of praying in tongues in 1 Corinthians 14, where he taught on the subject. In verse 8, Paul refers to a trumpet. That word seems out of place, but it was a marker pointing you to Numbers 10:9, where the trumpet is described as a means of directing the troops in battle. One purpose of speaking in tongues is to direct angelic troops in battle. Tongues also builds a framework for revelation to abide in, so build your framework large. Do you want a utility shed or a warehouse? Speak in

tongues accordingly. Speaking in tongues does more than you are aware of, as your angels hearken to your words and flow with them in the dimensional spaces that speaking in tongues creates. It is as though when we speak in tongues, it creates pathways in the spirit realm for our angels to traverse through so they can get where they need to go to faster. You might describe it as a worm hole. Speaking in tongues enables the angels and is a way of co-partnering with them in taking care of issues that arise. Paul further instructed us not to forbid the speaking with tongues,⁴¹ which is solid advice, considering what we have learned just now.

What you need to understand is the spirit of the Lord will prompt you to speak in tongues in advance of a thing that you cannot see yet, and as a measure of protection for what you may walk into. It is a roadmap for the solution, resolution, and introduction of the solution into the physical plane—into the physical realm. The solution comes through your mouth. He dwells in you and often needs to speak, directing the spirit realm and what it contains in mysterious ways, far greater than your understanding. If you do not speak in tongues, ask the Lord for this gift.”⁴²

“As you know, and have been made to understand, angels hearken to the voice of the Lord.⁴³ Believers carry the voice of the Lord. One way that can be accomplished is by speaking in tongues, for then you are speaking directly to God.⁴⁴ Angels understand what has been spoken and heed the instructions given as one prays in the spirit and in tune with the spirit. You have been taught that as a believer prays in tongues, he/she is directing the traffic of the angels in warfare. Much warfare from the enemy has been against tongues through the last century and even beyond. The enemy had some success in snuffing out the gift of tongues from the life of the believer and the church, but it has returned in recent years, and those who will embrace this gift with boldness and directness, will accomplish much via the words of their mouth.”⁴⁵

Kevin Zadai⁴⁶ has taught on how tongues allows us to take spiritual authority over the demonic, and about the importance of praying in tongues. (This is an extract from the transcript of his video):

“The demons know they're done if a person prays in tongues. That's why there's so much of an onslaught against praying in tongues is because they literally can't do a thing about it. So I pray into the spirit all the time and I can hear myself praying in my language right now as I'm speaking to you in English...

Just remember that your mind is only able to handle a certain amount of tasks and things. But in the spirit, you can do multiple things from down here [in your spirit]...

So I encourage people not to worry about what the enemy knows and doesn't know, but walk in in your kingship and your priesthood on this Earth, in authority to where the demons would rather just opt out.

This is what the lord showed me, he said, “Every day, you just picture little white flags where demons were posted, that they just put up white flags and they're taking the day off. They're not going to even show up to fight you that day. I see little white flags all the time because the enemy can't get near someone who's walking in this. With Jesus, they couldn't even shut up. They couldn't even be quiet. Jesus would show up and they just couldn't shut up. They started yelling at him...So, that's the way Jesus was.

So I just want to bring it back to how Jesus walked. He just said what the Father was saying and what he walked in, he said we're to walk in it. So I'm not concerned about what the devil knows or doesn't

know. What I'm concerned about [is], do I know. Do I know it and am I walking in it. So, you should pray in tongues. I'm praying in tongues [right now].

{TESTIMONY:} So I was at work, driving a limousine, and I'm not allowed to pick up people unless they're assigned. So I had this big limousine, I was going to pick up a rock band (that was after the concert), I was to pick them up. And there was a guy on the street and the Lord said, "Pick him up." And I'm, "Lord you're breaking the rules. I'm not allowed to pick him up." The Lord told me to witness to him, so I picked him up. I said, "Hey, I can't take you very far, but can i take you just a couple blocks as I've gotta go. He goes, "Yeah." So I'm just saying, "So what's going on with you. Where are you going ." And I'm praying in tongues – but you you couldn't tell that I'm praying in tongues right now – but I was praying in tongues. He's looking at me and I'm being nice to him and he goes, "What are you doing." I go, "I'm talking to you." He goes, "No. That other thing." I go, "What other thing?" He goes, "We don't like that." I go, "Oh, it's we now." I go, "Well how many are there?" He said, "We're many." And he said, "We've come to destroy America." I go, "Really? That's quite an endeavour." So the demons started talking and they go, "Tell him to stop that. We hate that. It confuses us." The guy was holding his head because the demon was like, "Tell him to stop", all I was doing was praying in tongues."⁴⁷

Tien Nguyen received a prophetic message from Father about the use of tongues in today's world. Here's an extract from that message:

"I am more than ready to show you a much better way that you can walk in and see My Kingdom manifest in you and your surroundings...

So, what is the better way? It is none other than building up your lives ever more strongly upon the foundation of your holy faith by learning to diligently, consistently, and never failing to pray in the power and strength of the Holy Spirit. If you have the Holy Spirit residing in you, you have the tongues of the angels.

Tongues speaking has been the most controversial and divisive issue among My children, and it is also the most contested one. Why should that be, unless this gift of tongues is something the enemy does not want the church to operate in because he knows the mighty power behind it? Tongues enables you to walk like the early church and leads you to the divine mysteries and power of God.

Tongues is the gift of the Holy Spirit that provides equal opportunity for all My children to walk in love, peace, righteousness, strength, revelation, wisdom, power, and authority, as My conquerors. At Pentecost, the first church was all filled with the Holy Spirit and began to speak with other tongues, and they performed many signs and wonders. This gift of the Holy Spirit is the entrance into the supernatural. I have given you tongues as a direct line to talk to Me, direct access to My Throne Room.

My dearly beloved children, I want you to banish from your minds all controversial thoughts about the gift of tongues. Did you know that this plan was set before the foundation of the world; this plan of Mine, like many others, is not what man would devise? I have deliberately chosen to use ideas the world considers foolish and of little worth to shame those who consider themselves to be wise and great. This so-called foolish plan of Mine is far wiser than the wisest plan derived by the wisest man on Earth.

Will you hear me out? The time has now come for Me to reveal what I have for you. Tongues is the greatest gift of the Holy Spirit to you; it is your spirit language that will bring you to the place of experiencing the Holy Spirit's life-transforming power. This gift of the Holy Spirit is the promise of the Spirit for you, for your children, and for all people. I am the Lord your God and I invite you to come to Me and receive this gift of tongues...

My thoughts are not your thoughts, My ways are not your ways, and yet praying consistently in the Spirit, as you continue walking in My love, will enable you to know My thoughts and My ways. You shall speak divine mysteries because the Holy Spirit searches out and shows you many of God's

deepest secrets. You shall prophesy your ordained future into existence through tongues. Tongues will transform your soulish mind into a spirit-led mind, and it also purges you of all impurities. Tongues will edify and strengthen you in your inner man with mighty spiritual power. Tongues will adorn you with agape Love and you shall be more than conquerors in My name...

My children, fear not! Doubt no more! Hesitate no longer! Surrender to My Spirit. Receive what We have for you. Welcome and embrace this gift from the Holy Spirit, and then spend a considerable time to pray in your heavenly language. Your victory is completely dependent on it.”⁴⁸

The last word always belongs with Father, so I asked him what he wanted his people to know about tongues. This is an extract from the transcript of what he gave me:

“... The important thing for you is that you do speak in tongues, when you’re communicating.

Speaking in tongues allows me to receive a clear message from you that’s untainted by your soul and your mind. This is my desire, that I receive undiluted, unpolluted and uncorrupted messages. That’s because you work with me in the operations of my Kingdom, in the cosmos and the spirit realm. This is what you were created to do and you are doing it as you operate as a son with me, in partnership...

[Speaking in] tongues allows you to speak through the Spirit, via your voice. It has ramifications. Suffice it to say, they do, at this point in time – I will reveal more of this in the future. But, my desire is for my people to cease communicating with me with their mind, their soul [through] their voice, driven by their heart attitudes. That [method] is ineffective. It is, in fact, persuasive communication. Your communication should be in alignment with me, so that together, we partner and see things achieved in the spirit realm and in the natural...

[C]ommunicate in tongues as you are led, as this does impact the spirit realm for my purposes, rather than what you demand or what you desire.”⁴⁹

CONCLUSION #2

From what we have obtained from the Trinity and gained from experience:

- Tongues is the greatest gift of the Spirit
- Everyone has the ability to speak in tongues
- The Spirit prompts us to speak in tongues before action is needed
- Tongues also builds a framework for us to hold revelation so it becomes part of us
- Angels work more effectively with us when we pray in the Spirit (in tongues)
- Tongues helps direct angels in battle as we work with them
- Tongues opens doors for angels to work as we co-operate with them
- Demons are confused and neutralized by tongues
- Tongues allows us to multi-task on spiritual matters
- Tongues leads us into divine mysteries (secrets) and the power of Trinity
- Tongues provides entrance into the supernatural
- Tongues allow us to talk directly to the Trinity
- Tongues allow us to know the thoughts of the Trinity
- We must diligently and consistently pray in tongues as the Spirit directs us
- We are strengthened spiritually when we pray in tongues
- We are able to prophesy our ordained future into existence through tongues
- Tongues transform our soulish mind into a spirit-led mind

- Tongues work to purge us of all impurities
- Tongues will adorn us with agape Love
- Tongues move us into being conquerors for the Kingdom
- Praying in tongues is really communicating with the Trinity
- Tongues prevents the soul and mind from interfering with our spiritual communication
- We should cease praying in the standard way and communicate with the Trinity mainly in tongues
- Tongues allows our communication to be in alignment with the Trinity
- Tongues eliminates manipulative praying
- Communicating in tongues activates our spirit and that moves us more into operating out of our spirit

SPIRITUAL BENEFITS

In regard to using tongues, there is LITTLE to NO spiritual benefit in the following activities:

1. Praying in tongues because of the mental choice to do it
2. Praying in tongues using language thought up in the head or phrases copied from another person
3. Speaking in tongues all day using a babbling mantra

There **is** spiritual benefit when tongues is used correctly as the Trinity planned it to be done, by:

1. Speaking/praying in tongues as the Spirit moves
2. Allowing the Spirit to provide the tongue language on each separate occasion
3. Speaking/praying in tongues for long periods as the Spirit guides
4. Using it as the method to communicate with the Trinity
5. Genuinely speaking/praying in tongues to overcome demonic hindrance
6. Interceding with tongues when the Spirit hasn't provided what to say

NOTE: There has to be a start to speaking with tongues, which is being Baptised in the Holy Spirit.⁵⁰ Once that has occurred, speaking in tongues needs to be fostered on a daily basis so that the person can move forward quickly in the Spirit. At all times, though, Father is pleased that we work to the limit of our ability with tongues. He really wants us to mature and become competent as spirit-to-Spirit communicators, so he doesn't 'frown' on soulish or natural involvement in any process we may be doing to achieve that goal. Therefore, aim to mature, not stagnate by staying in religion and with natural practices.

Why write this article? Because we are being deprogrammed and then reprogrammed so we can operate properly as sons in the New Ekklesia⁵¹.

Even Theodore Austin-Sparks (leader of Honor Oak Christian Fellowship, 1926)⁵² knew that it's all about the King, not about us, and that he'll strip everything unessential and unrighteous away from those who surrender to him – even Christian stuff.

For example:

50 – Acts 1:5

51 – “Father’s Mind on the New Ekklesia”

canberraforerunners.org/wp-content/uploads/2021/01/Fathers-Mind-on-the-New-Ekklesia.pdf

52 – en.wikipedia.org/wiki/Theodore_Austin-Sparks

“I am convinced, I know it is true, that what the Lord is doing with so many of us is stripping us, stripping us of the things which we have taken on or we have gotten into; He is stripping them off and bringing us down to the place where it is the Lord Jesus or it is nothing! If the Lord Jesus fails, there is nothing to live for, and some of us have come to the place where we have said to the Lord, “Lord, if You are not going to come in and fill this place, please take us away: there is nothing more to live for.” Is that exaggeration? ... The Lord is doing that sort of thing, just stripping us, stripping us of things, even Christian things; and He is going to fill the place Himself.”⁵³

IMPORTANT: On the 22-9-2022 I asked Father what he wanted his people in Australia to know about tongues. He’s the source of all Kingdom knowledge, so he’s the best one to ask about it’s role and importance. You can read what he told me here:
