## BE INFORMED<sup>1</sup> (October 2022)

- “The Holy Trinity of the Left | Church & State”  
*“Often wrongly considered irreligious, the Left is guided by a specific set of distorted religious values shaped by radical environmentalism, twisted sexuality, and an allegiance to the state. Drawing parallels from Nazi Germany and the Nazified German Church, host Lucas Miles uncovers the Left’s secret religion and exposes the surprising true identity of Christian Nationalists. This is an episode of Church and State that you won’t want to miss!”*

- “United Nations Now Claims to ‘Own the Science’”  
*“The UN states that they “they own the science”. Using the Google search platform, the UN, with the WEF, is censoring many scientific discussions, such as the topic of climate change and COVID-19. The UN is in the process of setting up the tools to censor ALL misinformation that the UN deems unhelpful for a “stable, peaceful, harmonious and UNITED world.”*
