

# MONTHLY UPDATES

## COVID SCIENCE (October 2023)

- **★ “COVID Vaccines and Future Boosters Are ‘Not Safe for Human Use’: Dr. Peter McCullough Testifies in EU Parliament”**  
*“Cardiologist Dr. Peter McCullough asked European lawmakers to take COVID-19 vaccines off the market, warning that the vaccines are responsible for a host of illnesses, including heart inflammation, blood clots, and neurological diseases. “COVID-19 vaccines and all of their progeny and future boosters are not safe for human use. I implore you, as a governing body, European Medicines Agency (EMA), to apply all pressure and due urgency to remove the COVID-19 vaccines from market,” Dr. McCullough said in Sept. 13 testimony to the European Parliament. ”*

- **“FDA Should Recall 'Adulterated' Pfizer COVID-19 Vaccine”**  
*“Pfizer's COVID-19 vaccine is adulterated due to the undisclosed presence of a DNA sequence, experts say. That should prompt a recall by the U.S. Food and Drug Administration (FDA), according to Dr. Robert Malone, a vaccine expert whose work has been cited by Pfizer. "It absolutely should be recalled," Dr. Malone told The Epoch Times...Pfizer's vaccine contains a Simian Virus 40 (SV40) DNA sequence...”*  
\* [www.theepochtimes.com/health/fda-should-recall-adulterated-pfizer-covid-19-vaccine-robert-malone-5515981](http://www.theepochtimes.com/health/fda-should-recall-adulterated-pfizer-covid-19-vaccine-robert-malone-5515981)  
**REPORT:** [rwmalonemd.substack.com/p/what-is-adulteration-of-pseudo-mrna](http://rwmalonemd.substack.com/p/what-is-adulteration-of-pseudo-mrna)
- **“Researchers Find Pfizer Excluded Clinical Trial Deaths From FDA COVID Vaccine EUA Request”**  
*“To obtain emergency use authorization (EUA) for its COVID-19 vaccine, Pfizer and BioNTech submitted a data package in 2020 to the U.S. Food and Drug Administration (FDA) so the agency could evaluate the safety and efficacy of its vaccine. A recently published peer-reviewed study by the DailyClout Pfizer/BioNTech Documents Investigations Team suggests Pfizer excluded known deaths in the vaccine arm of its clinical trial from its data filing and withheld information from the agency that could have resulted in a denial of EUA. Delayed reporting of the subject deaths into the Case Report Forms (CRFs) obscured the cardiac adverse event signal and allowed Pfizer/BioNTech's request for EUA to proceed unchallenged, according to the study.”*  
\* [www.theepochtimes.com/health/researchers-find-pfizer-excluded-clinical-trial-deaths-from-fda](http://www.theepochtimes.com/health/researchers-find-pfizer-excluded-clinical-trial-deaths-from-fda)

- **“Every Additional 4 Years in Age, Risk of Dying Per COVID-19 Injection Doubles: Study”**  
*“The Sept. 17 study, published by the nonprofit research organization CORRELATION, analyzed COVID-19 vaccinations and all-cause mortality data from 17 equatorial and Southern Hemisphere countries... By dose four, or the second booster, the risk of death per injection reaches 5 percent, or an average of 1 death per 20 injections. “The older the people, the greater the risk of dying [from COVID-19 vaccines] and the more deaths there are,” Denis Rancourt, an author of the study, said in an Oct. 12 interview with investigative journalist Sonia Elijah. The 1-in-20 risk of death among the elderly population is a “massive risk of dying from a medical intervention that’s normally intended to help people.””*

**STUDY REPORT:** [correlation-canada.org/wp-content/uploads/2023/09/2023-09-17-Correlation-Covid-vaccine-mortality-Southern-Hemisphere-cor.pdf](https://correlation-canada.org/wp-content/uploads/2023/09/2023-09-17-Correlation-Covid-vaccine-mortality-Southern-Hemisphere-cor.pdf)
- **“Alternative Medical Union Launches Inquiry Into Excess Mortality in Australia”**  
*“The Australian Medical Professionals Society (AMPS) is launching an inquiry into the changing mortality rate in Australia. The group of doctors, aiming to be an alternative to the Australian Medical Association (AMA), want to address the “alarming rise in excess mortality in Australia since 2021.” “This inquiry aims to uncover the most pressing question: what is causing Australians to die at unprecedented rates? Why has the death rate rocketed?” the group said in a statement. The AMPS labelled the excess deaths an “overlooked crisis” and plans to hold an inquiry on Oct. 18 in Canberra.”*  
\* [www.theepochtimes.com/article/alternative-medical-union-launches-inquiry-into-excess-mortality-in-australia-5507956](https://www.theepochtimes.com/article/alternative-medical-union-launches-inquiry-into-excess-mortality-in-australia-5507956)
- **“COVID-19 mRNA Vaccine Contaminated by Mystery DNAs and Truncated mRNAs: Health Implications”**  
*“In Part 5 of this series, we turn to the third major issue related to DNA contamination with residual bacterial plasmids and truncated mRNA from the manufacturing process. Are the vaccines more contaminated than our regulatory agencies realize? Should this raise concerns about migration to the gut or their expression by cells? The questions posed throughout this series highlight the inherent safety issues associated with a lax regulatory framework for approval of the COVID-19 mRNA vaccines. In this article, we consider how lax regulation is related to DNA and RNA contamination issues.”*

**REPORT:** [osf.io/b9t7m](https://osf.io/b9t7m)
- **“Hydroxychloroquine Reduces COVID-19 Mortality, Study Finds”**  
*“People who took hydroxychloroquine in combination with another drug while hospitalized with COVID-19 were less likely to die than those who didn’t, according to a new study. Hydroxychloroquine, which is widely used against malaria and arthritis, was given to hundreds of patients hospitalized with COVID-19 in Belgium. Thousands of others didn’t receive the drug. Researchers examined records from 352 adults hospitalized in AZ Groeninge Hospital in Kortrijk, Belgium. All patients tested positive for COVID-19 or had results from CT scans that suggested COVID-19 was present. Patients received hydroxychloroquine alone or with azithromycin, an antibiotic. They were scanned before and after treatment.”*

- **“COVID Reinfections Clear Faster, Including in Unvaccinated People: Study”**  
*“COVID-19 reinfections cleared faster than initial infections, including among people who never received a COVID-19 vaccine, according to a new study. People infected with COVID-19 a second time cleared the illness in a mean of 6.6 days, compared with a mean of 9.3 days for the initial infection, U.S. and British researchers reported in the paper.”*  
 \* [www.theepochtimes.com/health/covid-reinfections-clear-faster-including-in-unvaccinated-people-study-5505193](http://www.theepochtimes.com/health/covid-reinfections-clear-faster-including-in-unvaccinated-people-study-5505193)

**REPORT:** [elifesciences.org/articles/81849](http://elifesciences.org/articles/81849)
- **“Novavax COVID Vaccine Provides Little Protection Against Infection: Study”**  
*“Novavax's vaccine provided little protection against COVID-19 infection, according to a new study. Two weeks after the second dose of the two-dose primary series, the effectiveness against infection was just 31 percent, researchers in Italy estimated. The estimated effectiveness waned over time, fitting the pattern seen with many COVID-19 vaccines.”*  
 \* [www.theepochtimes.com/health/novavax-covid-vaccine-provides-little-protection-against-infection-study-5504065](http://www.theepochtimes.com/health/novavax-covid-vaccine-provides-little-protection-against-infection-study-5504065)

- **“Australian Garlic Can Eliminate 99.9 Percent of COVID-19, Flu Cells: Scientists”**  
*“Scientists in a “world first” study now say Australian garlic could be key to fighting COVID-19 infections and the flu. In a study by the Melbourne-based Peter Doherty Institute, researchers extracted a specific ingredient, the Proprietary Ingredient SupaG, from Australian-grown garlic varieties. “The results came as a world first, with the findings from specific garlic varieties proving to inhibit SARS-CoV-2 and Influenza type A viruses,” said the Victorian Chamber of Commerce in a statement.”*  
 \* [www.theepochtimes.com/world/australian-garlic-can-eliminate-99-9-percent-of-covid-19-flu-cells-scientists-5304884](http://www.theepochtimes.com/world/australian-garlic-can-eliminate-99-9-percent-of-covid-19-flu-cells-scientists-5304884)  
**REPORT:** [www.victorianchamber.com.au/news/world-first-recognition-for-local-virus-busting-garlic](http://www.victorianchamber.com.au/news/world-first-recognition-for-local-virus-busting-garlic)
- **“CDC Journal and Five Others Rejected Key Paper on COVID Vaccines and Heart Inflammation”**  
*“Six medical journals rejected a key paper on COVID-19 vaccines and heart inflammation, a condition the vaccines cause, according to documents reviewed by The Epoch Times. The U.S. Centers for Disease Control and Prevention (CDC)'s journal, Morbidity and Mortality Weekly Report (MMWR), was one of them. CDC officials falsely told the paper's authors that the paper did not add anything to a previously published CDC report, which estimated more COVID-19 hospitalizations would be prevented than cases of heart inflammation, or myocarditis, caused.”*  
 \* [www.theepochtimes.com/article/cdc-journal-and-five-others-rejected-key-paper-on-covid-vaccines-and-heart-inflammation-5496029](http://www.theepochtimes.com/article/cdc-journal-and-five-others-rejected-key-paper-on-covid-vaccines-and-heart-inflammation-5496029)
- **OPINION: “mRNA ‘Vaccines’ Must Be Banned Once and for All”**  
*“...the U.S. government is no longer going to fund the research it denied doing for nearly three years and the MSM sat on. Yet it has been an open secret for anyone who follows primary sources of information (the ones ignored by the MSM and the BBC specifically, reported as misinformation by the British Office of Communications and targeted by the Orwellian Counter-Disinformation Cell of the UK government) that mRNA vaccines did not do what it says on the vial, as it were.”*  
 \* [www.theepochtimes.com/opinion/mrna-vaccines-must-be-banned-once-and-for-all-5501039](http://www.theepochtimes.com/opinion/mrna-vaccines-must-be-banned-once-and-for-all-5501039)  
**REPORT:** [www.reuters.com/business/healthcare-pharmaceuticals/us-suspends-federal-funding-wuhan-lab-over-non-compliance-2023-07-19](http://www.reuters.com/business/healthcare-pharmaceuticals/us-suspends-federal-funding-wuhan-lab-over-non-compliance-2023-07-19)
- **“Pfizer-Funded Study Shows Poor Effectiveness for COVID-19 Vaccine in Young Children”**  
*“Three doses of the Pfizer vaccine provided little protection against emergency room visits, urgent care encounters, or outpatient visits.”*  
 \* [www.theepochtimes.com/health/pfizer-funded-study-shows-poor-effectiveness-for-covid-19-vaccine-in-young-children-5495181](http://www.theepochtimes.com/health/pfizer-funded-study-shows-poor-effectiveness-for-covid-19-vaccine-in-young-children-5495181)

- **“‘Reasonable Chance’ DNA Contamination in COVID-19 Vaccines Could Integrate into Human Cell Genomes: Cancer Genomics Expert”**  
*“The U.S. Food and Drug Administration (FDA) responded to concerns about billions of plasmid DNA fragments in Pfizer’s COVID-19 vaccine—as a university researcher recently testified in front of a South Carolina Senate hearing. “The mRNA COVID-19 vaccines authorized or approved for use in the United States are not defined as a gene therapy,” the FDA told Maryanne Demasi, a former Australia Broadcasting Corporation journalist who now operates a Substack page. She noted that the FDA spokesperson didn’t answer specific questions about the DNA fragments.”*  
 \* [www.theepochtimes.com/article/fda-responds-to-reports-of-dna-contamination-in-covid-vaccines-5496717](http://www.theepochtimes.com/article/fda-responds-to-reports-of-dna-contamination-in-covid-vaccines-5496717)
- **“‘Exercise May Be ‘The Most Important Medicine’ for COVID-19: New Study”**  
*“New evidence suggests that exercise should be a first-line strategy in the prevention and treatment of COVID-19 and long COVID.”*  
 \* [www.theepochtimes.com/health/new-evidence-suggests-exercise-may-be-the-most-important-medicine-for-covid-19-post-5488292](http://www.theepochtimes.com/health/new-evidence-suggests-exercise-may-be-the-most-important-medicine-for-covid-19-post-5488292)  
**REPORT:** [www.ncbi.nlm.nih.gov/pmc/articles/PMC9750896/](http://www.ncbi.nlm.nih.gov/pmc/articles/PMC9750896/)
- **“‘COVID-19 Cases Become Milder, With Upper Respiratory Focus, Doctors Say”**  
*“COVID-19 symptoms have now become more mild and are nearly indistinguishable from allergies or the common cold, often affecting the upper respiratory tract, a number of doctors have said. They note that some of the notable COVID-19 symptoms, including a cough or a loss of taste or smell, are less common among patients. “It isn’t the same typical symptoms that we were seeing before. It’s a lot of congestion, sometimes sneezing, usually a mild sore throat,” Dr. Erick Eiting, vice chair of operations for emergency medicine at New York’s Mount Sinai, told NBC News on Sept. 16.”*  
 \* [www.theepochtimes.com/health/doctors-say-covid-19-cases-becoming-milder-impacting-upper-respiratory-tract-5493759](http://www.theepochtimes.com/health/doctors-say-covid-19-cases-becoming-milder-impacting-upper-respiratory-tract-5493759)

- **“‘Journal Rejects Request to Retract Study Suggesting Negative COVID Vaccine Effectiveness”**  
*“A scientific journal is rejecting a request to retract a study that found people who received a COVID-19 booster were more likely to become infected when compared to unvaccinated people. Analyzing numbers from California’s prison system, a research group found that those who received one of the bivalent boosters had a higher infection rate than people who have never received a dose of a COVID-19 vaccine. Their study was published by the journal Cureus following peer review.”*  
 \* [www.theepochtimes.com/health/journal-rejects-request-to-retract-study-suggesting-negative-covid-vaccine-effectiveness-5491435](http://www.theepochtimes.com/health/journal-rejects-request-to-retract-study-suggesting-negative-covid-vaccine-effectiveness-5491435)

- **“‘FDA Refuses to Change Anti-Ivermectin Statements After Court Ruling”**  
*“The U.S. Food and Drug Administration (FDA) is refusing to change its statements against ivermectin, even after a court said it acted outside of its authority when it told people to stop using it to treat COVID-19. The U.S. appeals court said that the FDA’s statements, including one telling people to “stop” using ivermectin as a COVID-19 treatment, went beyond the authority conferred on the agency by Congress.”*  
 \* [www.theepochtimes.com/us/fda-refuses-to-change-anti-ivermectin-statements-after-court-ruling-5492215](http://www.theepochtimes.com/us/fda-refuses-to-change-anti-ivermectin-statements-after-court-ruling-5492215)
