

Everything is Changing

We know from what our King has told us, that we're in a new era of the Kingdom at the present time.¹ So I've been producing a prophetic update every month for my website to provide information about what's currently going on. Those articles have the common title, 'More on this Current Time in the Kingdom' and are located on the webpage 'This New Kingdom Era', under the KINGDOM menu.

For those who don't read this monthly publication, here's an important update from Justin Paul Abraham included in my April 2023 issue. His statement below is a segment from one of his video mentoring sessions which he gave in March this year:

"We're in the age where God will show the whole world that there's life after death. We're in the age where science and spirituality are going to merge, where we're going to be taught higher wisdom. Pretty much all the books we've written up until now will seem like baby books, they'll seem like baby manuals, bedtime stories, compared to the revelatory realm that's now opening up and the multi-dimensional realms we're going to go in.

The things we'll be talking about in 10 years, 20 years, 30 years, 50 years, are so radically different from what the church has been talking about. We've been in a very basic level of consciousness, but we are moving into expanded states and it's coming upon the Earth. He's pouring it out and it's going to move all over the Earth...

So this is a fantastic moment to be alive, if you are engaging Yahweh². If you're engaged in Yahweh, this will be the greatest era of Christianity, of great grace, of the revealing of love, that the world has ever seen. There is truly about a mad, crazy, wild love."³

We are truly in exciting times in the Kingdom. We may not see it manifesting in the world around us, but as we contribute our part each day in partnership with the King, it will begin to manifest over time.

Laurence
