

# Have a Positive Outlook

(A conversational prophetic message recorded on the 16<sup>th</sup> June 2024)

★ **IMPORTANT:** This is a simple but important teaching from the King for his people in Australia ★

**Question:** *Lord, what's your message to your people in Australia today?*

## Message

“I know it’s a cliché, because I’ve been using it all the time, but today is a great day. I keep repeating it because my people look at the negatives, and not the positives. I’m always positive. My Kingdom is positive. Even though there are negative things around you, think positively. Thinking negatively allows the enemy inroads into your life through your mind, your emotions and your experiences. Guard yourself, even to the point of being a ‘glass half full’ person, rather than a ‘glass half empty’ person.

You see, the Kingdom is always bright. There’s nothing negative in the Kingdom. There are no ‘downers’, it’s always ‘up’. However, living in the world, which is still in a level of chaos because my Kingdom hasn’t fully manifested there, there is negativity which will impact you. But don’t absorb that activity, don’t subscribe to it. Resist it. Stand against it in your own lives. Recognise it at all times when it’s being manifested in your heart, mind, actions and thoughts, and turn away from that. Turn to my way, because that’s what true repentance is – it’s aligning with the way I see things, and the way things really are.

Taking on a positive attitude, like all the positive self-help books have trumpeted over the decades, is highly beneficial to every single human being, not just my people. You can observe the level of depression, mental ill health, suicide, substance abuse, and the like, in your society. These are a manifestation of the fact that people focus on the negative. They are looking there with their whole being.

Of course, it’s not wrong to think negatively at any point in time, but to manifest my Kingdom in your life, and to those around you, you need to ‘knock it on the head’ and change to think positively. It’s an act of your will to do that, because you’re in charge of your own being, as I gave you autonomy to deal with your life and the lives of those who you oversee.

This is not a ‘gee-up’ message. It’s a message of reality<sup>1</sup> – the way things should be, what they should really be like. I have given many of these types of messages, some apostolic,<sup>2</sup> but they are teaching messages for my people, because they need to hear from me on how they are to live, and how they are to think. These messages are vitally important, because the messages aren’t getting through from teachers in other areas.

So, take this onboard as an admonition, not as a criticism. Do not, and I repeat, do not allow condemnation to come in as you read the article which will be produced from my message. It is not intended for that purpose. Love demands that the supervising person prevents those they supervise from endangering themselves. That’s a principle of parenthood, of schooling, and in many other areas, but it’s true in the Kingdom as well. I, as your ‘head’<sup>3</sup>, the supreme leader of the Kingdom on Earth (that’s the Kingdom of Heaven on Earth, if you haven’t realised it), instruct you to think positively for your own good. Thinking negatively is destructive for you, and that’s what my love for you would desire.

So, as best you can each day, determine to be positive. But don’t look at the negative, [while you’re]<sup>4</sup> trying not to think of the negative. Just take a positive attitude and spend time in my presence all day long, in the spirit and in the natural, and allow positivity to flood your life, so that it flows to those around you and impacts people and the environment close to you in a better way.

Notice, again, it’s all up to you.”

[Any anomalies in the transcription of the audio recording into text have been remedied in the production of this document]
